Bringing Clinicians & Researchers Together: Understanding Inequities in Access to Telemedicine during the pandemic

Presented by:
Alayne Adams, PhD
Mylène Arsenault, MD
Khandideh Williams, MSc
Candidate

Online Research Seminar Series Friday November 13th, 2020 12:30pm-1:30pm

Presenting the perspective of a Clinician, Researcher and Master student on a research project collaboration.

MYLENE ARSENAULT, MD is an assistant professor at McGill University in the department of Family Medicine. She is an attending staff at the HERZL Family Practice. The COVID-19 pandemic has sparked a new interest for her in the field of telemedicine.

ALAYNE ADAMS, PhD, is Associate and Population and Global Health Director in the Department of Family Medicine. Her work focuses on understanding and addressing health and healthcare inequities, both locally and globally.

KHANDIDEH WILLIAMS, MSc Student in the Department of Family Medicine, supervised by Dr. Alayne Adams and Dr. Jeannie Haggerty. Her research interests include healthcare accessibility, determinants of health, and healthcare policy

Webinar moderated by **Yunxi Chen**
