

# MCGILL FAMILY MEDICINE RESEARCH SEMINARS

## “ A SHORTAGE OF FAMILY DOCTORS IN A TIME OF PLENTY: INACCURATE SURROGATES INDICATORS OF MEDICAL MANPOWER”

**Dr. Mark Roper**

As a passionate and long-time advocate for patient access to physicians, and the Director of the Division of Primary Care at McGill University Health Centre, and the Chair of Medical Manpower and Organization of Service Committee, Montreal Regional Department of General Medicine, Dr. Roper is uniquely qualified to speak to this subject of great public concern.

Thursday June 4, 2015  
From 12:30-1:30 p.m.  
Department of Family Medicine  
5858 ch. de la Côte-des-Neiges, 3rd floor, suite 300

BRING YOUR LUNCH! There will be light refreshments.  
There is no parking on site and parking is limited in the area. Taxis and public transport are advised.

Cannot make the seminar physically, but would like to attend? Please register for the [webinar here](#).  
(Note: Students from FMED 504 are expected to attend)
