Thesis Advisory Committee: Charo Rodríguez (Principal Supervisor), Pierre-Paul Tellier (Co-Supervisor), Francesca Luconi (Advisor)

Expected date of graduation October 2023

Short biography

Dr. Sima Zahedi is an international general practitioner from Iran. She graduated from medical school in 2017 and started to work as a GP in an emergency ward and then in a private clinic. Sima also has worked as a researcher during her education and work. She has started her education as an MSc student at the Department of Family Medicine at McGill University – Medical Education Concentration, under the supervision of Dr. Charo Rodriguez (principal supervisor) and Dr. Pierre-Paul Tellier (Co-Supervisor). Her research main focus is on building mental resilience in primary health care providers during and after the COVID-19 pandemic.
