Report Summary

This report is designed to display all Grant related transactions for a specified calendar year and for a range calendar months. This report does not contain previous month balance forwards. The data is displayed in a raw format. It is normally used for exporting purposes.

Note: The data warehouse includes all transactions up to and including yesterday's data. Any transactions entered on Banner today will only appear in the warehouse tomorrow.

The prompting query fields are:

Calendar Year – single value only (eg: 2002)

Starting Calendar Month – single value only (eg: 01= January)

Ending Calendar Month – single value only (eg: 08=August)

Fund Code – single value only (eg: the six digit fund code)
