Copy and Reversal feature for Banner Journal Voucher forms
FGAJVCD and FGAJVCQ

The Copy and Reversal feature is available from the forms FGAJVCD and FGAJVCQ, and allows authorized users* to create new journal entries from previously posted journal entries.

*Authorized User = An individual with Banner access to the Finance module.

Before You Begin:

- Have the document number of the existing journal which is to be copied or reversed.
- Note that reversal journals should never be completed prior to the original journal being posted.
- When using the copy journal feature, if you forget to check-off the Reverse JV or Copy Text boxes you cannot "roll back" and correct it. You must re-start the journal and the system will automatically assign a new document number, thereby, leaving the initial J-document number's status as incomplete which must then be removed/ deleted.
