How to Approve or Disapprove Completed Documents in Minerva

The Approve Documents Menu option in Minerva and the Banner form FOAUAPP are used to approve or disapprove documents that are set for approval. Both options fulfill the same function. Approvers for financial transactions are **automatically granted access** to the Finance > Approve Documents menu option in Minerva. In order to access the Banner form, you must have access to the Finance module.

The most common documents which a Fund Financial Manager (FFM) / Principal Investigator (PI) or their delegate may approve are Purchase Requisitions (PR), submitted through the McGill MarketPlace (MMP).

- It is important to perform approvals of MMP Requisitions at a minimum twice daily (before 11 a.m. and before 3 p.m.) to ensure catalog orders are placed with Suppliers in the same working day.
- Read the article about the approvals process of MMP Requisitions for more information.

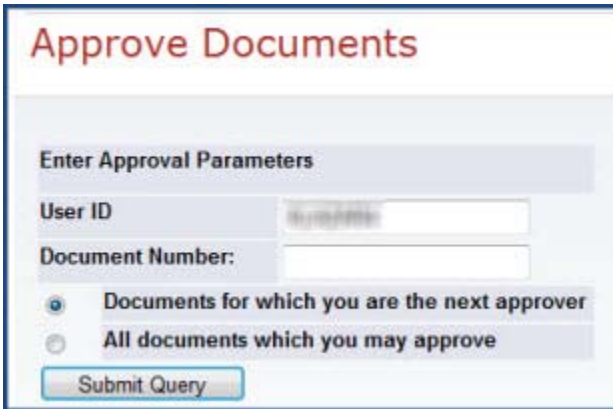

Step by step instructions for how to use Minerva Approve Documents Menu:

For Research Grants, please note the following: Grant holder/delegate authorization of purchase requisitions/orders for international acquisitions (purchases/shipments) includes authorization of the costs incurred for customs and brokerage charges for the acquisitions.

1. If you have received an Approval email notification **click** on the link in the email (log in is required). It will bring you directly to the Approve Documents screen in Minerva.
OR
If you have not received an email, log in to [Minerva](#) and select the Finance (Fund) Administration > Approve Documents menu option.

Note: You may also access the Approve Documents menu option in Minerva from [myMcGill](#) > Finance Admin portlet > Documents to Approve.

The screenshot shows a web form titled "Approve Documents". It has a section "Enter Approval Parameters" with two input fields: "User ID" and "Document Number:". Below these fields are two radio button options: "Documents for which you are the next approver" (which is selected) and "All documents which you may approve". At the bottom of the form is a "Submit Query" button.

2. In the **User ID** field, your **Short Username** will be displayed by default. **Leave as is.** You may choose to enter the document number (provided in the email) in the field or leave it blank. If left blank, it will bring all documents awaiting your approval.

Note: If you choose to enter the document number, make sure you enter "R0" (zero), not "RO" (the letter "O").

3. By default, the option "**Documents for which you are the next approver**" will be selected. You may leave it as is. Only the documents where you are the next approver will be displayed.

OR

Choose the option "**All documents which you may approve**". All documents that you may approve, but, for which you are not the next approver will be displayed.

Note: Use this option if you are the originator of a document and wish to cancel the document by disapproving it.

4. Click the **Submit** Query button.
5. All pending documents awaiting your approval will be displayed.
6. To view document details before you approve or disapprove a document, click on the **hyperlinked Document number**. Click the browser Back button to return to the Approval Documents list.

Note: The Approve/Disapprove links are enabled only for users with authority to approve or disapprove.

7. Click the **Approve** link next to the document you wish to approve.
