The above questionnaire is intended to provide guidance in assessing an individual's employment status with the University. If the majority of the responses are "Yes", there is no need to submit this form to the University and the University reserves the right to treat the individual as an "employee" rather than self-employed/independent contractor. If the individual is considered an employee, the applicable income tax and social security premiums will be withheld. At year end a T4 Statement of Remuneration and Relevé 1 Revenu d'Emploi will be issued identifying the remuneration earned and applicable withholdings.

Where the majority of responses are "No", the individual may be considered self-employed/independent contractor. The form must be signed and submitted to the Accounting Department for review. Please note the information provided may be subject to audit by the Payroll Office. This form must be accompanied with an originally signed invoice prior to the processing of any payment. It is mandatory that a signed contract between the two parties be retained in the department. The contract should confirm the exact nature of the work to be performed, the time frame and remuneration amongst other items.

Please note, failure to disclose accurate information when completing the above questionnaire, may result in the immediate termination of the individual's employment contract or contract to provide self-employment services to the University.
