

HOW TO Delegate Temporary Signing Authority for travel advances, expense reports, and payment requests

A Fund Financial Manager (FFM) or Principal Investigator (PI) may delegate signing authority for travel advances, expense reports, and payment requests during temporary absences.

The delegate must be an academic staff or administrative and support staff member possessing the necessary skills and knowledge for the effective exercise of signing authority.

In the case where the claimant on an expense report or travel advance is the Fund Financial Manager or Principal Investigator, their direct superior must approve the request.

Signing a document signifies that the Approver (FFM/PI or their delegate) has assessed whether it:

- Meets the objectives of the fund(s) charged.
- Is legitimate, reasonable and an appropriate use of funds.
- Adheres to policies and guidelines.
- Complies with any restrictions imposed by external funding sources.

For Tri-Agency grants (NSERC, CIHR, SSHRC, CRC), please note the following:

- Delegates may not be implemented for “administrative convenience”.
- Delegates must not be administrative staff.
 - PIs may delegate signing authority on expenses when necessary to a co-investigator or a member of their research staff, such as a lab manager or research associate.
 - Administrative staff should not be designated as signing delegates, as they are not sufficiently familiar and/or involved in the research to authorize expenses on the grant holder’s behalf.
- The signing of Expense Reports payable to **visiting researchers** may not be delegated and must be countersigned by the Dean or Chair.

To become a temporary delegate, a temporary delegation record must be created and a Fund Financial Manager must confirm the record.

Records are created and queried in **Minerva > Finance (Fund) Administration > Delegate Temporary Signing Authority** menu option.

HOW TO Delegate Temporary Signing Authority for travel advances, expense reports, and payment requests

When creating records, there are two options to choose from:

- Add to One Fund – create a single temporary delegation record for one individual and one document type added to one fund
- Add to Multiple Funds – create multiple temporary delegation records for one individual, for one or more document types, added to one or more funds

When temporary delegation records are created on behalf of a Fund Financial Manager or Principal Investigator, **email alerts** are sent out to the FFM or PI twice daily at 10am and 2pm. Clicking on the link in the email will bring them to the Delegate Temporary Signing Authority menu option in Minerva (sign-in is required).

To view a listing of temporary delegation records (**List** function), a combination of three search parameters must be selected. Depending upon an individual's role, the listed records may then be copied, edited, confirmed or revoked.

Step-by-Step Instructions

To access any of the functions below:

- Log in to [Minerva](#).
- Go to either the **Finance (Fund) Administration Menu**.
- Click on the **Delegate Temporary Signing Authority** menu option
