

Geographic  
Information  
Centre

# Geographic Information Centre (GIC)

Home of Geospatial Data Science at McGill

Undergraduate Orientation

August 31<sup>st</sup>, 2021

Dept. of Geography, McGill

# What?

Home of Geospatial Data Science at McGill

Support in all questions regarding geospatial data sciences

Geographic Information Systems

Remote Sensing

R / Python / PostGreSQL

for all of McGill community

researchers

students

staff

# So, what specifically?

## Public computer area

40 well-equipped workstations, half of them remotely accessible during the re-opening phase of campus

## Open work space

lots of space & power outlets

## Seminar room BH512

book it when you need it

## Workshops

every week (during term, starting Sept.)

R, ArcGIS, QGIS, Python, ...

## GeoAnalytics Lab

6 even better equipped workstations, half of them remotely accessible during the re-opening phase of campus

## Individual geospatial support

8 front desk students, GIS technician, research assistant, director

## Map making services

## Plotting services

## Equipment lending

tablets for field work, GNSS receiver

## RPAS flying services

get aerial images for your research project

# Who?

Dr. Tim Elrick, Director

Ruilan Shi, GIS technician

NN , RA

eight front desk students  
(here: Noé, Matt, Hannah, Brian)

# When?

## *In person*

### *during term*

Monday to Friday, 8:30 a.m. to 5:30 p.m.

front desk: 9 hours

### *during exams*

additionally Saturday and Sunday, 12:00 to 4:00 p.m.

front desk: additional 4 hours

## *Through Zoom*

Go to our Booking page at [www.gic.mcgill.ca](http://www.gic.mcgill.ca)

# Where?

[gic.mcgill.ca](http://gic.mcgill.ca)

Burnside Hall

5<sup>th</sup> floor

right at the Roddick Gates

Sherbrooke & University
