

NEW STUDENT REGISTRATION INFORMATION 2022-2023

BSc Rehabilitation Science (Rehab Sci) OT ***BSc Rehabilitation Science (Rehab Sci) PT***

What does this mean?

In Canada and the U.S., professional practice programs in occupational therapy culminate with a minimum of a **Master's degree**. At McGill University, preparation for the Master's (M.Sc. (A)) begins at the undergraduate level with the BSc (Rehab Sci). This degree provides the foundational knowledge on which professional practice courses are built. Consequently, when you enter our undergraduate program, you will be taking core science courses and other fundamental courses in the first two years, followed by intensive professional courses in the final undergraduate year.

During the final year of your undergraduate degree, you will be joined by the Graduate level qualifying year (QY) students, who will be proceeding through the remainder of the program with you. Your bachelor's degree is a 3year, 90-credit program completed over 6 semesters. In order to obtain licensure to practice, you are then required to complete the Master's degree program. Spaces in the M.Sc. (A) degree are reserved for students who graduate from the BSc (Rehab Sci) with cGPA of 3.0 or better, and you will be considered for acceptance into the Master's program.

From start to finish, your sequence will be:

1. A BSc (Rehab Sci) degree completed over 3 years (6 semesters) – fall and winter terms.
2. Followed by the Master's degree completed over 5 consecutive semesters.

COURSE SELECTION

TYPES OF COURSES

There are three types of courses that are taken over the course of your BSc Rehabilitation Science degree:

- **Core Courses:**

These are required courses which are offered at specific terms in the curriculum.

- **Complementary (Required and Optional) Courses**

Complementary courses are courses which work together with the curriculum. These courses provide a part of the foundational knowledge needed as you advance in the OT or PT program.

You have a group of subject areas from which to make your choice, and this can be tailored to your program to acquire specific background knowledge and skills.

- **Elective Courses**

This is a general interest course outside of your field of study.

CORE COURSES:

Bachelor of Science (Rehabilitation Science) Occupational Therapy

Bachelor of Science (Rehabilitation Science) Physical Therapy

***TAKE NOTE OF THE REQUIRED SECTIONS FOR EACH COURSE**

U1 FALL	CREDITS	U1 WINTER	CREDITS
AN AT 315: Clinical Human Musculoskeletal Anatomy <i>Lecture CRN - 1188-Section 001</i> <i>Lab CRN- 1190 - Section 003</i>	3	AN AT 316: Clinical Human Visceral Anatomy <i>Lecture CRN - 1048 -Section 001</i> <i>Lab CRN- 1049 - Section 002</i>	3
PHGY 209: Mammalian Physiology 1 <i>Lecture – CRN 4826- Section 002</i>	3	PHGY 210: Mammalian Physiology 2 <i>Lecture - CRN 4372 - Section 002</i>	3
OCC1 245: (FOR OT) Introduction to Professional Practice 1 <i>Lecture Section 001</i> PHTH 245: (FOR PT) Introduction to Professional Practice 1 <i>Lecture Section 001</i>	3	POTH 225: Introduction to Biomechanics in Rehabilitation Sciences <i>Lecture: Section 001</i> <i>Lab: Section 002 or 003</i> <i>(Choose and register for one lab section)</i>	3
POTH 204: Introduction to Psychological Statistics <i>THIS COURSE IS THE PRE-REQUISITE TO PSYC 305</i> <i>Lecture Section 001</i> <i>Tutorial Section 002</i> Not open to students who have passed a CEGEP statistics course(s) with a minimum grade of 75%. Please find the Exemption Form here: https://www.mcgill.ca/spot/students The form must be signed and sent to undergrad.spot@mcgill.ca If you are granted an exemption (for POTH 204), you are required to replace this course with a 3- credit university complementary/elective class.	3	POTH 250: Introduction to Professional Practice 2 <i>Lecture Section 001</i> <i>Laboratory Section 002</i> <i>Workshop Section 003</i> <i>All sections are required; there will be different course activities taking place during the term; Details to follow at beginning of course.</i>	3

1 Complementary course (See section on Complementary classes page 3-6)	3	1 complementary course: PSYC 305: Statistics for Experimental Design Mandatory for those who are exempt from POTH 204.	3
Total	15	Total	153

COMPLEMENTARY COURSES

- *All complementary courses have limited enrolment. Register early for best availability.*
- **Note:** *All complementary courses must be taken and completed in U1 and U2, before starting U3.*
- *In order to complete program requirements, you can either take:*
 - 18 credits of complementary classes OR*
 - 15 credits of complementary classes and 3 credits of elective courses.**The credits can include transfer credits, and all credits must be recorded on your file.*
- *Make sure you do not register for any complementary or other course that is in conflict with another required or complementary course.*

NB:

- ***Please be aware you are required to follow any course restrictions, which can include co- or prerequisites, program restrictions and space limits. These restrictions can be found by entering the CRN for the course on the registration function.***
The below course listings does not take into account course availability, restrictions or schedules.

Accepted complementary course levels: 200/300/400

	Subject	Course Name	Year
	PSYC 305 <i>Required for OT AND PT.</i>	Statistics for Experimental Design	U1 WINTER

<p>Sociology</p> <p><i>Required for OT.</i></p> <p><i>Optional for PT.</i></p>	<p>What is the relevance to OT:</p> <p>This discipline provides foundational knowledge and concepts that are key to deepen an understanding of: social and occupational identity, social and communal dimensions of occupation and participation how health care systems and organizations operate.</p> <p>The systemic, institutional and structural elements that affect occupational possibilities as well as advocacy. Any sociology course Examples only:</p> <p>SOC1 230 Sociology of Ethnic Relations SOC1 309 Health & Illness SOC1 310 Sociology of Mental Disease</p>	<p>U1 or U2</p>
<p>Psychology</p> <p><i>Required for OT.</i></p> <p><i>Optional for PT.</i></p>	<p>Minimum of 1 psychology course in lifespan development.</p> <ul style="list-style-type: none"> Lifespan development is looking at all age groups from birth to adults. Courses focus on specific aspect of the lifespan or across the can lifespan. <p>Examples only:</p> <p>PSYC 100 Introduction to Psychology PSYC 212 Perceptions PSYC 213 Cognition PSYC 304 Child Development PSYC 331 Intergroup Relations PSYC 332 Introduction to Personality PSYC 333 Personality and Social Psychology PSYC 337 Introduction: Abnormal Psychology 1 PSYC 338 Introduction: Abnormal Psychology</p>	<p>U1 or U2</p>
<p>Academic Writing</p> <p><i>Required for OT.</i></p> <p><i>Optional for PT.</i></p>	<p>CEAP 250: For native English Speakers No Pre-Placement test required</p> <hr/> <p>CESL 300, 400, 500: For non-native English Speakers Pre- Placement test required.</p> <p>YOU ARE STRONGLY ADVISED TO TAKE THE FIRST PLACEMENT TESTS THAT ARE AVAILABLE SO, YOU CAN REGISTER FOR THE COURSE.</p> <p>http://www.mcgill.ca/mwc/</p>	<p>U1 or U2</p>

<p>French as a Second Language</p> <p>The Charter of the French Language binds health and social services administered by the Ministry of Health and Social Services. This means that all health and social service institutions operate in French. Students are expected to communicate both orally and in writing.</p> <p>Certain institutions have a bilingual mandate for patient care, but team meetings and interactions with third party agencies take place in French only.</p>	<p>Year U1 or U2</p>
--	-----------------------------

[The French Language Centre \(FLC\) / Centre d'enseignement du française \(CEF\) of McGill University](#) offers general French second language (FSL) courses ranging from Beginner to Intermediate II and Advanced levels to all interested students. A special group of French courses for students in health disciplines and social work described below is offered at the Elementary, Intermediate I and Intermediate Advanced levels in order to help them prepare to practice their profession in Quebec. These courses are funded by the McGill Project: Training and Retention of Health Professionals.

These courses have been designed to enable students to complete their mandatory clinical fieldwork degree requirements here in the province of Quebec as well as prepare students who will need to write.

Other Examples of Complementary Courses (optional):

- ANTHROPOLOGY
- NUTR 200, 207 or EDKP 292: Nutrition (*As long as the course is not restricted) * Maximum of 1 nutrition class permitted across faculties/programs.
- ** Courses offered by School of Continuing Studies:
Fall 2022
 -CORG 225-751 (CRN 2131) Foundation of Organizational Behaviour and Administration - Mondays 6 PM – 9 PM
 -CGMG 210-761 (CRN 1724) Fundamentals of Project Management – Tuesday evening, 6-9PM;
 -CGMG 282-741 (CRN 1725) Introduction to Business – Saturday morning, 9AM-12PM;
 -CCLW 205-781 (CRN 1603) Introduction to Business Law – Thursday evening, 6-9PM;
 -CENT 306-761 (CRN 1719) Launching a New Business – Tuesday evening, 6-9PM.

Winter 2023
 -CORG 225-771 (CRN 1929) Foundation of Organizational Behaviour and Administration Wednesday evenings, 6-9PM
 -CGMG 282-741 (CRN 1594) Introduction to Business – Saturday morning, 9AM-12PM;
 -CGMG 445-781 (CRN 1595) Ethical Issues in Business Practices – Thursday evening, 6-9PM.
- Courses offered by Desautels Faculty of Management
 Fall 2022 - BUSA 664 (CRN 1533) Creating the small Business
 Winter 2023 - BUSA 665 (CRN 1418) Managing the Small Enterprise

U1 OR U2

<ul style="list-style-type: none"> ○ Sports Medicine Practicum PHTH 301D1/D2 This course replaces one 3 credit complementary course. This course takes place during fall and winter of U2 but starts in the summer of U1 with the pre-season course. More details will follow in winter of U1 for the application process. 	TBC U2
<p>OT complementary course list https://www.mcgill.ca/spot/files/spot/complementary_coursework_2017.pdf</p>	

ELECTIVE COURSES

- Courses must be taken at the 200 level or higher.
 - If you are coming from CEGEP, you can only choose courses from 200 or 300 levels.
- In U1 no 400 or higher-level courses are permitted except for English or French language courses.**
- A maximum of 3 credits may be taken as electives.
 - Examples of possible electives include courses in Music, Languages (not including Second Language French and English), and Earth and Planetary Sciences.

Must be a 200/300/400 Level course	U1 or U2
NB: A maximum of 1 (one) World of Chemistry course is permitted	U1 or U2

EXCEPTIONS TO THE 200 COURSE LEVEL RULE

- √ Introduction to Psychology: PSYC 100 which counts as a complementary_psychology class. AND/OR
- √ One (1) World of Chemistry course which counts as elective class.

MINERVA REGISTRATION FOR FALL AND WINTER COURSES

[MYMCGILL](#) AND [MINERVA REGISTRATION](#)

MyMcGill is McGill's own portal which gives you single sign-on access to McGill systems.
i.e., Minerva, Mycourses, library and e-mail among others.

For complete information please refer to: <http://www.mcgill.ca/it/>.

Minerva is McGill's user-friendly web interface to McGill's central database where students can view marks, fee information, class schedules, including course descriptions and spaces available in course sections.

MINERVA REGISTRATION FOR FALL AND WINTER COURSES

You must log on to Minerva and register between:

June 8th to August 14th, 2022 (inclusive) to avoid late registration fees.

<https://www.mcgill.ca/importantdates/key-dates>

Returning students who fail to register in at least one course by August 14th 2022 may continue to register after this date, up to the end of the registration period on September 13th 2022, but with [late registration penalties](#).

1. Check your Personal Registration Start Time

. View your personal registration start time in Minerva.

(Student Menu > Registration Menu > Check your Registration Eligibility and Verify Your Curriculum).

. Students may begin registering as of their personal start time and can continue registering through to the end of course change (i.e., add/drop deadline) in each term.

2. You will need to attend to any holds before you are able to register on Minerva.

You will NOT be able to register if you have any outstanding fee balance with the University if you have any holds that prevent you from registering.

HOW TO REGISTER

- All students must complete their registration in the core as well as complementary courses Fall 2022 and for Winter 2023 by adding all courses individually on Minerva.
- All complementary/elective courses are limited in enrolment and are registered as first come, first served basis.
- To aid in scheduling, you can use Minerva and Visual Schedule Builder, which allows you to create a conflict-free schedule.

All class times, whether you are registered in them or not, can be viewed on Minerva class schedule.

- The order in which you register does not matter (i.e., core or complementary courses).
- However, since all courses have limited enrolment, it is advisable to register for your complementary courses first to have the best options available.
-
- Also, please keep your address and telephone number updated on Minerva at all times.

Note 1:

You are not allowed to drop any required program courses. In case you need to do so, please contact undergrad.spot@mcgill.ca for assistance.

HOW TO USE THE CLASS SCHEDULE and REGISTERING FOR COURSES USING MINERVA

Access “Registering for Courses” to view a tutorial on using Minerva:

<http://www.mcgill.ca/students/courses/add>

Access “Using Minerva to Register” for step-by-step registration instructions and tutorial at:

<http://www.mcgill.ca/students/courses/add/register>

YOUR STUDENT RECORD

While all courses offered at McGill have academic merit, not all are appropriate for credit towards the B.Sc. Rehab Sci., major in OT degree or major in PT degree. Students should consult the information on the School’s website for the regulations governing which courses are open to them.

Minerva will not necessarily prevent students from registering for courses they cannot/should not be taking or are in conflict with another course*. After add/drop period, these courses may be identified on students’ records and flagged for no program credit. In some cases, this may happen when records are verified just before graduation, which could delay graduation until appropriate courses are taken.

***COURSE CONFLICTS**

You should not consider taking two courses, which are scheduled at the same time. We do not support this type of learning, in which you attend the lectures of one course and intentionally miss the other course lectures but learn by listening to the lecture recordings.

Learning does not occur simply by listening to the lecture recordings, but also by interacting with your peers in the classroom/remote learning environment. In addition, lecture recordings are used to help reinforce your learning (e.g., to hear the material a second time).

Ultimately, it is your decision to pursue two courses scheduled at the same time and Minerva may not prevent you from registering. However, note that if the exams or other course activities for these courses are scheduled at the same time, we will not accommodate your conflict request.

Please keep in mind that students are responsible for the correctness and completeness of their records, and it is your responsibility to make sure that your student record is accurate, and all requirements and complementary/elective courses are correctly recorded.

While faculty advisers and staff are always available to give advice and guidance, it is the student’s ultimate responsibility for completeness and correctness of course selection, for compliance with and completion of program and degree requirements and for observance of regulations and deadlines. It is the student's responsibility to seek guidance if in any doubt; misunderstanding or misapprehension will not be accepted as cause for dispensation from any regulation, deadline, program, or degree requirement.

LOOK UP COURSES	REGISTER FOR COURSES
<p>Enter the Course Number or the Subject area to limit your search results.</p> <p>Search timetables for the term by selecting a Subject from the Look Up Course Sections form, to narrow course sections available: (Example: If you are searching for a Sociology class: Select "SOCl" under Subject).</p> <p>Go to bottom and Click Get Course Sections (without adding a course number) as this will then allow you to view all the Sociology classes offered during the semester selected).</p> <p>From the course section results that appear, click on the CRN (Course Reference Number) to view the course description of any course in your search results.</p> <p>Click on the hyperlinked course title to view Detailed Course Information, including potential enrollment restrictions: example: If you see spaces available but not to you, and/or receive a message that says Reserve Closed, this means the seats allocated to your group (example: U1 students) have been filled.</p>	<p>E.g.</p> <ul style="list-style-type: none"> ○ Select Occupational Therapy (OCC1) from the Subject picklist. ○ Enter 245 in the Course Number field ○ <p>Click on Get Course Sections</p> <ul style="list-style-type: none"> ○ Put a check in the checkbox next to the CRN with Subject: OCC1 and Course Number: 245 ○ Click on Register. <p>Repeat these steps to add each required course and all associated sections, as well as your complementary/elective selections for fall 2021.</p> <p>Repeat these steps to add each required courses and all, associated sections, as well as your complementary/elective courses, for Winter 2022.</p> <p>Remember:</p> <p style="padding-left: 40px;">For a course that has more than one schedule type (example: a course composed of lecture and laboratory), you will have to register separately for each schedule type.</p> <p>Click on exit icon at top right corner of your browser to exit.</p>

<i>DO</i>	<i>DON'T</i>
Register early to get best availability.	<ul style="list-style-type: none"> · Don't register for any courses, or sections of courses that are in conflict with each other.
Follow any course restrictions which can include: Co-requisites or pre-requisites Space limits Program restrictions	<ul style="list-style-type: none"> · Do not fill your schedule with complementary credits, and leave no room for the required courses, since you have a maximum number of credits for which you are allowed to register.
Note which sections for the required courses are available to	
Use Visual Schedule Builder	
If a course is full check back to see if wait lists have opened up	<p>Don't drop a complementary/elective class unless you are sure you want to do so, and/or have already registered for another course. Once the course is dropped, chances are it will quickly be registered by another student.</p>

Reserve Closed:

A specific portion (a reserved section) of the course is full.

Example: Spaces in courses can be allotted (reserved) by the department that teaches the class.

A course may still have seats available, but spaces reserved for a specific group have already been taken.

Example: Psychology classes- The majority of spaces are reserved for students in the psychology program, and other spaces can be reserved for all other McGill students in U1. If the other McGill U1 seats have been taken up, the message will say “reserved closed”.

Check back to see if spaces or a waitlist have opened up.

SUMMARY

- † Have you looked at the U1 curriculum to find which courses and sections of courses are required? There are spaces for all students in the required classes. **Refer to:** Page 2.
- † Have you noted the differences between core, complementary, and elective classes? Keep checking for space in the complementary courses since students are adding and dropping classes from the opening of registration up to and including after the start of classes in September. **Refer to:** Pages 3-5
- † Have you looked at which complementary courses interest you and will fit in your timetable? Remember, Visual Schedule Builder as well as Class Schedule on Minerva are available to help you plan your timetable. **Refer to:** Page 3-5.
- † Have you noted the “Do’s and Don’ts” table? **Refer to:** Page 8.

We wish you a good summer.

We are available for virtual advising, and any questions you may have.
