

The Peterborough Regional Health Centre (PRHC) is a 400 bed regional hospital. This is an exciting time of progressive change for our organization that serves a population of 300,000 people.

The Peterborough Regional Health Centre is a state of the art facility opened in 2008. The hospital is a spacious, bright and modern facility that has put a focus on the flow of patients and staff and has been recognized by the media and architectural associations for its innovative design.

We are a regional hospital building healthier communities with our patients and partners.

General Internal Medicine program is growing at Peterborough Regional Health Centre. As a General Internal Medicine physician at our hospital your work will be caring for patients in Perioperative surgical services, Perioperative clinics, inpatient medicine work throughout the hospital and the General Internal Medicine (GIM) Clinic. Our GIM clinic aims to provide urgent follow-up for patients with acute medical concerns, such as those who are discharged from hospital or the Emergency Department. Over the next year we are looking at developing a GIM outpatient clinic at our hospital. General Internal Medicine physicians do reasonable on-call shift coverage (1 in 6). Remuneration is fee-for-service OHIP billings .

General Internal Medicine (Full-time Position)

Position Qualifications:

- Currently registered with the College of Physicians and Surgeons of Ontario
- Fellow Royal College of Physicians and Surgeons of Canada
- Strong interpersonal skills and ability to work effectively with physicians, nursing, staff, patients, directors, managers, and the community as required
