Maggie - as discussed, here is an email which shows consultation with the other units in the Language Acquisition Option. I have many more and may forward one or two more.

Subject: changes to LAP

I am attaching the proposed changes to the LAP, on the relevant form. I have highlighted things that will need to be inserted by your departments (mostly on page 2) - you have to include all PhD requirements, not just the LAP ones, and calculate number of credits accordingly. As I think most of you do not have many requirements (unlike Linguistics), this should be fairly straightforward.

You may find it useful to consult the following pages, to see how the LAP looks currently for each of your units:

<http://www.mcgill.ca/study/2014-2015/faculties/science/graduate/programs/doctor-philosophy-phd-psychology-%E2%80%94-language-acquisition>

<http://www.mcgill.ca/study/2011-2012/faculties/medicine/graduate/programs/doctor-philosophy-phd-communication-sciences-and-disorders-%E2%80%94-la>

<http://www.mcgill.ca/study/2015-2016/faculties/education/graduate/programs/doctor-philosophy-phd-educational-studies-%E2%80%94-language-acquisiti>

Please get the missing info inserted and then have this approved by your departments as soon as possible and have them forward it to your faculties for approval. The plan is to have this go through in time for it to take effect in Sept 2016.

Lydia, the list of EDSL courses seems fine to me, except for the name of EDSL 627, which needs to be Classroom-Centred Second Language RESEARCH (if too long, use L2 instead of second language).

Thanks,
Roy

Karsten, Roy and Kris - you may or may not recall that you agreed to be your departmental reps for the LAP this year. I am attaching draft revisions to the LAP, as agreed at our various meetings. At this point, all I want you to do is to look at the list of complementary credits and check whether there are any courses from your departments that need to be added or removed (i.e. courses no longer offered by your department or new courses that might be relevant). Please get back to me by next Wed (Oct 7th) with this info.

Michael - can you look at the linguistics courses listed here and let me know whether there are any that we have agreed to remove, in line with proposed revisions to the PhD. For example, LING 590.)

Thanks, Nancy. You should not report the graduate joint programs – GPS will do this once they have approved them. You need to remove those from your report to ES and submit them to CGPS for their May 9 meeting. Maggie will report them to ES pending GPS approval because my last meeting is May 5 and she needs to submit by April 28.

You need to send me the paper copy of your report to ES with the signed proposals by April 28, please.
