Does the research project in which the student will be participating require approval in any of the following areas? <b>If yes, please submit copy of certification with this form.</b>	No	Yes	If yes, indicate expiry date
Human Subjects			
Animal Subjects			

We attest that we have discussed the necessary requirements and consequences of the research project. The project, where "yes" is indicated above, is covered by the supervisor's certificate(s) or individual certificate(s) if applicable. It is understood that work involving human subjects and/or animal subjects may only be undertaken if the awardee is covered by a valid certificate. If a required valid certificate is not in force during the tenure of the award, the project must be scheduled or modified accordingly to exclude such work. Any funds awarded will be used in accordance with all required research regulations and policies. Applicable valid certificates are in place and submitted with this form in order to authorize opening of research allowance. The information above is true and complete.
