5) In the Acknowledgment form, point 5 indicates:

I have registered my travel with the International Activity with the registration service of Foreign Affairs Canada or with a similar agency in my home country and will monitor DFAIT travel reports until the date of departure, and while abroad.

What does this mean?

The Government of Canada issues its official country travel advice and advisories through the Department of Foreign Affairs, Trade and Development (DFATD, formerly DFAIT) <http://travel.gc.ca/travelling/advisories>. Students are expected to check the country report periodically before they leave to ensure that no advisories have been issued.

The Government of Canada has also set up a Registration of Canadians Abroad (ROCA), <http://travel.gc.ca/travelling/registration>. ROCA is a free service offered by Foreign Affairs, Trade and Development Canada that keeps Canadian citizens connected to Canada in case of an emergency abroad, such as an earthquake or civil unrest, or an emergency at home.

This registry is for Canadians only. However, students of other nationality should check to see if their governments have the same type of registry.

This and more information will be explained at the Pre-Departure Information Session. (Date:TBD)
