Further program information (as found on the eCalendar and on our departmental website):

## Honours Seminars

Honours seminars (these are listed with their thematic area). Each Honours seminar comprises a 6-credit full-year course with a D1/D2 course number. The second term component (D2) includes the completion of a major research paper based substantially on primary-source research.

## Language training and Cognate courses

Students in an Honours program may count up to 6 credits of non-HIST courses pertinent to historical studies toward an honours program in History with the written approval of a program adviser. under exceptional circumstances and with the written approval of a program adviser, up to 6 credits of language training may be counted toward their Honours program in History if this training is pertinent to the student's academic program and is required to acquire knowledge of a language directly related to the student's area of specialization. No more than $\mathbf{6}$ credits of non-HIST courses in total (cognate and language courses combined) may be counted toward their program. Faculty regulations stipulate that any such courses must not be double-counted between programs.
