Additional Information:

Students in an honours program should see a program adviser to plan a program that suits their needs. Please consult the department website for advising office hours. Fill in the advising/audit program form available on the departmental website with courses taken to date and bring with you to an advising appointment:

Further program information (as found on the eCalendar and on our departmental website):

Honours Seminars

Honours seminars (these are listed with their thematic area). Each Honours seminar comprises a 6-credit full-year course with a D1/D2 course number. The second term component (D2) includes the completion of a major research paper based substantially on primary-source research.

Cognate course allowance:

6 credits of non-HIST courses directly related to the student's program may be counted as complementary courses for the program with signed Program Adviser permission.

Notes: 200-level cognate courses count against the 15-credit limit of 200-level courses allowed for the program. Cognate courses may not be used to replace 400-level or 500-level requirements. Courses listed in the complementary course list as HIST equivalent (e.g. [CLAS 304](#)) are counted as HIST courses, not as "cognate" courses.

Important note: Advanced Placement or International Baccalaureate credits may not be included in the overall credit requirement for history programs. **If you take the same Special Topics Course twice, you must advise the History Student Affairs Coordinator, who will confirm with Faculty advising that the course content is different. This will ensure that the course is included in both your final credit count and GPA calculation.**
