

NEW CYTOTOXIC FIELD ON BIOMEDICAL WASTE BOX

WE ADDED A “CYTOTOXIC” FIELD ON THE LABEL FOR YOU TO CHECK IF YOU ARE DISPOSING OF MATERIAL CONTAMINATED WITH CYTOTOXIC DRUGS TO BE INCINERATED. MAKE SURE THAT THE WASTE IS **DOUBLE BAGGED** (BAG YOUR WASTE BEFORE DROPPING IN THE BAG PROVIDED WITH THE BOX). HERE IS A LIST OF COMMONLY USED CYTOTOXIC DRUGS:

DRUGS (A-C)	DRUGS (C-E)	DRUGS (F-L)
Altretamine	Cyclosporin	Finasteride
Amsacrine	Cytarabine	Floxuridine
Anastrozole	Dacarbazine	Fludarabine
Arsenic trioxide	Dactinomycin	Fluorouracil
Asparaginase	Dasatinib	Fluoxymesterone
Azacitidine	Daunorubicin HCl	Flutamide
Azathioprine	Decitabine	Fulvestrant
Bacillus Calmette-Guerin (BCG) [†]	Denileukin	Ganciclovir
Bexarotene	Dienestrol	Ganirelix acetate
Bicalutamide	Diethylstilbestrol	Gemcitabine
Bleomycin	Dinoprostone	Gemtuzumab ozogamicin
Bortezomib	Docetaxel	Gonadotropin, chorionic
Bosentan	Doxorubicin	Goserelin
Busulfan	Dutasteride	Hydroxyurea
Capecitabine	Entecavir	Ibritumomab tiuxetan
Carboplatin	Epirubicin	Idarubicin
Carmustine	Ergonovine/methylergonovine	Ifosfamide
Cetorelix acetate	Estradiol	Imatinib mesylate
Chlorambucil	Estramustine phosphate	Interferon alfa-2a
Chloramphenicol	Estrogen-progestin combinations	Interferon alfa-2b
Choriogonadotropin alfa	Estrogens, conjugated	Interferon alfa-n1
Cidofovir	Estrogens, esterified	Interferon alfa-n3
Cisplatin	Estrone	Irinotecan HCl
Cladribine	Estropipate	Leflunomide
Clofarabine	Etoposide	Lenalidomide
Colchicine	Exemestane	Lenalidomide
Cyclophosphamide

Cisplatin	Estrone	Irinotecan HCl
Cladribine	Estropipate	Leflunomide
Clofarabine	Etoposide	Lenalidomide
Colchicine	Exemestane	Lenalidomide
Cyclophosphamide		

DRUGS (L-P)	DRUGS (P-T)	DRUGS (T-Z)
Letrozole	Pentamidine isethionate	Testolactone
Leuprolide acetate	Pentetate calcium trisodium	Testosterone
Lomustine	Pentostatin	Thalidomide
Mechlorethamine	Perphosphamide	Thioguanine
Medroxyprogesterone acetate	Pipobroman	Thiotepa
Megestrol	Piritrexim isethionate	Topotecan
Melphalan	Plicamycin	Toremifene citrate
Menotropins	Podofilox	Tositumomab
Mercaptopurine	Podophyllum resin	Tretinoin
Methotrexate	Prednimustine	Trifluridine
Methyltestosterone	Procarbazine	Trimetrexate glucuronate
Mifepristone	Progesterone	Triptorelin
Mitomycin	Progestins	Uracil mustard
Mitotane	Raloxifene	Valganciclovir
Mitoxantrone HCl	Raltitrexed	Valrubicin
Mycophenolate mofetil	Rasagiline mesylate	Vidarabine
Nafarelin	Ribavirin	Vinblastine sulfate
Nelarabine	Risperidone	Vincristine sulfate
Nilutamide	Sirolimus	Vindesine
Oxaliplatin	Sorafenib	Vinorelbine tartrate
Oxytocin	Streptozocin	Vorinostat
Paclitaxel	Sunitinib malate	Zidovudine
Palifermin	Tacrolimus	Zonisamide
Paroxetine HCl	Tamoxifen	
Pegaspargase	Temozolomide	
Pemetrexed	Teniposide
