

Table of Contents

Table of Contents	i
Tribute to Professor Gennady Zhukov Olga A. Volynskaya.....	vii
I. INTRODUCTION	
<i>We, the People of Planet Earth</i> Ram S Jakhu	3
II. HUMAN EVOLUTION, SPACE MIGRATION, AND A NEED FOR GLOBAL SPACE GOVERNANCE	
Space Jurisprudence and the Need for a Transglobal Cybernation: The Underlying Biological Dictates of Humankind Dispersal, Migration, and Settlement in Near and Deep Space George Robinson.....	19
Astrosociology and Inequality in Global Space Governance Jim Pass, Kathleen Toerpe, Renato Rivera Rusca, Katrina Jackson and Christopher Hearsey	55
III. CURRENT AND EMERGING TRENDS IN GENERAL GLOBAL GOVERNANCE	
A Framework for Multinational Coordination and Cooperation of Future Exploration of Space Graham Gibbs.....	91

The 21st Century and the Advent of "Universalisation" Lorna Jean Hewitt & W. E. (Ted) Edmonds	119
---	-----

Chinese Space Station: a New Challenge for International Space Cooperation? Francesca I. Moretto and Gabriella Arrigo	135
---	-----

IV. GLOBAL GOVERNANCE IN INTERNATIONAL LAW

Global Governance in International Law and Implications for Global Space Governance: Analogies from the Sea, Antarctica and the Environment Tare Brisibe	157
--	-----

The Future Global Governance of Space Security: International Law and Armed Conflicts Involving Space Technology Steven Freeland	163
--	-----

Building Bridges on Global Governance Issues: Cyberspace Shaping Outer Space? Lucien Rapp	179
---	-----

V. ADDRESSING THE ADEQUACY OF EXISTING MECHANISMS OF GLOBAL SPACE GOVERNANCE

Searching for 'Just Right': Options for Regulating Space Activities on Celestial Bodies Bradley Hayward	207
---	-----

Some Non-Treaty Models of Space Governance Michael Simpson	225
--	-----

Legal Aspects of the Globalisation of Space Innovations Gennady P. Zhukov & Olga A. Volynskaya	243
--	-----

VI. GLOBAL GOVERNANCE OF HUMAN SPACE FLIGHT

Sub-Orbital Operations in the Air Traffic Management System: Integration or Segregation – What Needs to be Done and Who can do it?	
Martin Griffin	261

Remotely Piloted Aircraft Systems: Part of the Puzzle and Future Stakeholder of Global Space Governance	
Taro Kuusiholma.....	277

A New Integrated Global Regulatory Regime for Air and Space: The Needs for Safety Standards for the “Protozone”	
Joseph N. Pelton.....	293

VII. GLOBAL GOVERNANCE OF NATURAL RESOURCES INDIGENOUS TO SPACE

Some Practical Proposals for Global Governance in Licensing and Regulation of Mining Activities in Outer Space	
Ricky J. Lee.....	311

VIII. GLOBAL GOVERNANCE OF THE SATELLITE TELECOMMUNICATIONS SECTOR

The International Telecommunication Union in the 21st Century: Managing Equitable Access to the Geostationary Satellite Orbit and Promoting Advancement of Technology and Services	
Audrey L. Allison.....	339

Reforming the International Telecommunication Union through Global Space Governance

Juliana Macedo Scavuzzi Dos Santos, Mahboubeh Mousavi and Christopher Paul Roberts 363

IX. GLOBAL GOVERNANCE OF SPACE-BASED SOLAR POWER

Global Governance of Space-Based Solar Power

George Dietrich 385

Space Natural Resources and Solar Power Satellites: Some Legal Issues

Francesco Gaspari and Alessandra Oliva 405

Realising Space Solar Power: Technical, Policy, Environmental and Safety Considerations

John C. Mankins 423

X. GLOBAL SPACE ENVIRONMENTAL REGULATION AND GOVERNANCE

Disused Unitary Satellites and the Non-Appropriation Principle: a Functional Incompatibility

Philip de Man 451

Environmental Governance of Space under Law

Barry Kellman 469

Orbital Debris: What are the best near-term actions to take? A view from the field.

Mark A. Skinner 487

A Study of the IAASS Proposal for a Global Space Debris Removal Regulatory Framework

Ram Jakhu, Tommaso Sgobba and Yaw Nyampong 507

XI. GLOBAL SPACE GOVERNANCE AND THE CHALLENGES OF SPACE SECURITY

Star Laws: the Need for a Manual of International Law Applicable to Space Warfare

Duncan P. Blake 535

Disaggregation of Military Space Applications: Law and Policy Considerations

Zachary Eytalis 579

The Current Legal Regulation on the Use of ASAT Weapons under International Law and Space Law

George Kyriakopoulos 599

XII. NATIONAL SPACE POLICY AND LAW AND GLOBAL SPACE GOVERNANCE

Regulating Remote Sensing Space Systems in Canada: Linking National Regulation to International Commitments

Thomas Gillon 621

The Liability Convention: Scrap it? Fix it? Or Work around it?

Bruce W. Mann 633

Implementing the Recommendations of the United Nations General Assembly on Outer Space through National Space Legislation - An Illustration with the Belgian Space Law

Jean-François Mayence 649

Canada's Space Policy Framework 2014: Industry Support in an International Policy Vacuum

John Siebert 665

XIII. GLOBAL SPACE GOVERNANCE OF REMOTE SENSING AND EARTH-OBSERVATION

Earth Observation and the Needs of the Many: The Future Structure of Humanitarian Law and Disaster Management
Michael Dodge..... 689

Review of the Principles Relating to Remote Sensing of the Earth from Space
Li Bin 705

XIV. GLOBAL SPACE GOVERNANCE FROM A REGIONAL PERSPECTIVE

Developing Space: Political and Socio-Economic Rationales of Emerging Space Programmes
Sandra Cabrera-Alvarado, Sara Langston and Tanay Sharma
..... 721

The other Triangle in European Space Governance: the European Union, the European Space Agency and the United Nations
Jan Wouters and Rik Hansen 745

XV. Annex

The Montreal Declaration 765
