Learning French from 0 to B2 in Four Years while Doing your Degree

You must take computerized placement tests at home before the first time you register for any FRSL courses. Depending on your level indicated in the written test, you may be invited for an interview to determine your oral comprehension and expression level. The interviews are held before the beginning of each semester.

Find out the details and schedules here.

Year 1

Fall: FRSL 101 Beginner’s French I (3 credits)
