

## INTERPROFESSIONAL EDUCATION ACTIVITY

### IPEA 502 - Patient-Centred Care in Action: An Interprofessional Approach

Join us at the forefront of education for health professions in collaboration with  
McGill's Steinberg Centre for Simulation and Interactive Learning

### Welcoming facilitators for an interprofessional simulation activity

The Office of Interprofessional Education, representing the schools in the Faculty of Medicine and Health Sciences, invites you to participate as a facilitator to guide students as they debrief following a simulated patient case activity.

- Who:** Facilitators from various health professions - Dietitians, Genetic Counsellors, Nurses, OTs, PTs, Physicians, S-LPs, Social Workers and other health care professionals with experience in Interprofessional practice
- For What:** Interprofessional Simulation Activity, IPEA 502 - A two-hour interactive learning activity for students in their second year of professional studies in Dietetics, Genetic Counselling, Medicine, Nursing, Occupational Therapy, Physical Therapy and Speech-Language Pathology
- Dates:** February 5, February 7, February 16, March 11 and March 14, 2024 (choose your dates)
- Times:** 12:15-17:00 - 2 student sessions each day, 12:30-14:30 and 14:45-16:45 (lunch included)
- Where:** Steinberg Centre for Simulation and Interactive Learning (3575 ave du Parc, parking included)
