National Neuromuscular Review Course

October 27 – 28, 2023

Montreal Neurological Institute-Hospital (The Neuro), 3801 University
(de Grandpré Communications Centre)

Program

October 27

8:30  Registration & Continental breakfast

8:50  Welcome and Opening remarks: Nic Dupré
     Remarks from a Platinum sponsor, Alexion

9:00  Muscular dystrophies

Myotonic Dystrophies, FSHD, OPMD and Most Common LGMD
Jodi Warman Chardon, MD, MSc, FRCPC (Neurology), The Ottawa Hospital

9:50  Common Pediatric Neuromuscular Disorders: part 1

Dystrophinopathies, Congenital Myopathies
Nicolas Chrestian, PhD, Centre de recherche du CHU de Quebec

10:40 Refreshment pause

11:00  Common Pediatric Neuromuscular Disorders: part 2

Spinal muscular atrophy, inherited polyneuropathies
Hugh McMillan, MD, McGill University

11:50 Lunch and Meet our Sponsors

13:00  Acquired Myopathies

Inflammatory Myopathies and Toxic Myopathies
Erin O’Ferrall, The Neuro, McGill University

13:50  Polyneuropathies, ganglionopathies and multiple mononeuropathies

General approach to Polyneuropathies, Ganglionopathies and Multiple
Mononeuropathies
Rami Massie, MD, The Neuro, McGill University

14:40 Refreshment pause
15:00  Myasthenia Gravis

**Diagnosis and Treatment of Myasthenia Gravis**
Michael W Nicolle MD, Department of Clinical Neurological Sciences, Western University

15:50  Neuromuscular Junction Disorders Other Than Myasthenia Gravis

**Lambert-Eaton, botulism and other toxins, congenital myasthenia**
Oliver Blanchard, MD, The Neuro, McGill University

16:40  **Guest Lecture:** talk tbc
Mazen Dimachkie, MD, University of Kansas Medical Center, USA

17:45  Cocktail & Networking (onsite)
        Speed dating with the Experts

**October 28**

8:30  Breakfast à la Montréalaise

8:55  Open – Karine Garneau
        Remarks from a Platinum sponsor - Sanofi

9:00  Metabolic myopathies and channelopathies

**Pompe, McArdle, CPT2, Non-Dystrophic Myotonic Disorders and Periodic Paralysis**
Cam-Tu Nguyen, MD, CHU Sainte-Justine

9:50  **ALS**

**Presentation, Diagnosis and Treatment of ALS + Differential Diagnosis**
Geneviève Matte, MD, Université de Montréal

10:40  Refreshment pause

11:00  **AIDP, CIDP and their Variants**
Karine Garneau, MD, Université de Montréal

11:50  Lunch

13:00  **Workshops** (3 x 45 minutes)
a) Genetic cases: Dr. Bernard Brais  
b) Muscle or nerve cases: Dr. Rami Masse  
c) EMG cases: Dr. Karine Garneau

15:15 Closing remarks: Nic Dupré
