

FORM: Ph. D. ROTATION – AGREEMENT BETWEEN STUDENT & P.I

OBJECTIVE:

The IPN Ph.D. Rotation student and laboratory supervisor should discuss their main objectives for the *Rotation Project*, and draw up a plan on how best to achieve their goals. Details should be summarized by the student in the space below, and both the supervisor and the student should indicate their agreement.

INSTRUCTIONS FOR STUDENT & SUPERVISOR:

❖ Student:

- Download this form onto your computer. Save it as PDF.
- Fill in all the form's fields electronically, except for *Section 4* (to be completed by your supervisor).
- Once completed, e-mail the form to your supervisor.

❖ Supervisor:

- Once you receive the completed form from your new rotation student, complete *Section 4*. Please insert your digital signature in the *Signature* field.
 - E-mail the fully-completed form to Dr. Edward Ruthazer (ed.ruthazer@mcgill.ca).
-
