LAND ACKNOWLEDGEMENT

McGill University is on land which long served as a site of meeting and exchange amongst Indigenous peoples, including the Haudenosaunee [Hoh-DEE-noh-SHoh-nee] and Anishinabeg [Ah-nish-ih-nah'-bey] nations.

We acknowledge and thank the diverse Indigenous peoples whose presence marks this territory on which peoples of the world now gather.

Transition to University

The transition to university is a big one and you need to be an **active agent in your academic and personal success**, such as by:

- Connecting with your Academic Advisor at least once per term
- Familiarizing yourself with the Faculty's spaces and services
(ISA Office, cafeteria, EdUS/SAPEK/MEdUSA, Career Services, etc.)
- Asking questions and seeking help early
- Attending events and workshops offered through the University, Faculty, and student societies
- Finding out about support services offered at McGill, including Peer Support, Wellness Hub, Scholarships and Student Aid, etc.

McGill

Faculty of
Education

Do your research

McGill is a **decentralized** University, meaning Faculties and programs do NOT all operate in the same way.

Be careful about tips/info you hear from peers or alumni: information may have changed or is not the same for Education.

It's always best to check:

- **Education website (ISA, DISE, KPE)**
- **Faculty of Education staff (e.g. Academic Advisor, ISA Office)**
- **2023-24 e-Calendar**

Check and use your McGill email

- Variation of **firstname.lastname@mail.mcgill.ca**
- **Official means of communication** between you and the University
- **Tip:** You can [change your email settings](#) so that emails from your McGill email account are automatically forwarded to your personal email account
 - **Take note**, though, that although you can *receive* McGill emails at your personal account, McGill instructors and staff **will only respond to emails *sent from* your McGill account**
- **McGill email = McGill username.**
 - Used to sign into all of McGill's portals, including myMcGill, myCourses, myFuture, and Minerva.
 - Also used to sign into **campus WiFi** and to use **on-campus printing services (uPrint) when back on campus.**

Buddy System

The Buddy program pairs new Schulich students with current students who provide a friendly face, helping hand, and first Montreal friendship that can make a world of difference for new arrivals. Buddies can also offer linguistic support, cultural guidance, and information about life at Schulich.

Typical "buddy" activities might include:

- online face to face meetups using any platform (i.e. Zoom, Facebook Messenger, Whatsapp, Google Meet or Houseparty)
- email or meet online to talk about courses, professors, campus life, clubs, etc.
- online karaoke, Zumba, or videogames
- chatting online over a cup of coffee or tea

Volunteers and new students are paired on a rolling basis during the summer, allowing new fall students to be in touch with their buddies over the summer. There is no hard deadline for signing up, although it's important for both volunteers and new students to sign up before the term begins in order to ensure a smooth pairing.
