Re: Mandatory Student Work Placements Terms

Immigration, Refugees and Citizenship Canada

To Whom It May Concern,

Please note that all students registered in the Bachelor of Arts (Education); Major in Education in Global Contexts program are required to complete a mandatory Internship course during the Winter or Summer term of their second academic year. The Internship course constitutes an integral and essential part of their program requirements and requires a minimum of 150 hours of work with an approved national or international host institution or organization and is generally 8-12 weeks in duration. This student work study placement makes up less than 50% of program length.

If you require additional information, please feel free to contact me directly.

Sincerely,

Yasmine Zein
