Course Information

This is a full-year 6 credit course that starts in September and ends in April.

Course Title: HISP 210 Spanish Language Beginner
Course Duration: September 2022 to April 2023

Prerequisites and Mandatory Online Placement Tests

This course is for students with little or no previous knowledge of Spanish. All students registered in the course must write an online placement test between August 23 and August 30 to be allowed to stay in the course. Your instructor will be contacting you by email with the result of your test.

COURSE DESCRIPTION

Spanish 210 is an elementary course (6 credits) for students who have never studied Spanish or do not have the prerequisite knowledge for the intermediate level. The course is designed to enable students to learn the basic grammatical structures of written and oral Spanish (morphology and syntax), and to acquire basic vocabulary for use in daily life, travel purposes and discussions about Hispanic

cultures and countries. Classes are held in Spanish to facilitate assimilating the language. The primary emphasis is on effective oral and written expression. Please note that HISP210 is aimed to prepare students for HISP220 Intermediate Spanish or HISP219 Intensive Intermediate Spanish.

After taking the intermediate level course, should you wish to continue with Spanish, there are general Surveys of Spanish Literature or Spanish American Literature courses (such as HISP-241, HISP- 242, HISP243, HISP-244). All these courses allow the language students ample opportunity to practice their reading, writing, speaking, and listening skills. If you have any questions or need more information regarding our program, you may consult Ms. Lucia Chamanadjian, the Language Program Director, at the email above, as well as the [departmental webpage](#).

COMMUNICATION WITH YOUR PROFESSOR

I will try to respond on the same day to emails that arrive before 5:00 PM, Monday to Friday. Emails that arrive after 5:00 PM will be answered on the next day. Responses will take longer on days that there are no classes, but every attempt will be made to respond within 24 hours. To ensure successful communication and to act upon a time critical e-mail, please check your McGill e-mail account regularly. You must also check “Announcements” in myCourses daily, which may include reminders, revisions, and updates.¹

LEARNING OUTCOMES

At the end of the course, you will be able to:

1. Understand short texts related to everyday life (letters, ads, public signs, etc.), cultural texts, short newspaper articles and literary texts (assessed by in-class based activities, writing assignments, and oral presentation)
2. Understand people addressing you at normal speed, the basic gist of conversations, news, and simple oral texts (assessed by in-class activities, mini skits, and oral presentations)
3. Write dialogues, simple narrations, and descriptions in the present and past with structural accuracy (assessed by short journal entries and compositions)
4. Communicate at a functional level on topics dealing with common situations, asking, and answering questions, requesting, expressing opinions and feelings, giving advice as well as talking about common subjects dealing with everyday life in the present and past (assessed by in-class peer-group activities, conversations, debates, mini skits, and oral presentations).

COURSE FORMAT

Class time is dedicated to practicing the language in partner and/or group activities, asking questions on unclear grammatical aspects to solidify grammar structures and discussing cultural material. For these reasons coming to each class having completed the preparatory work assigned (see section “Required Work and Procedure”) is of utmost importance. The preparation for each class will allow you to practice and improve your communication skills via interactive activities and progress rapidly. Classes will be held in Spanish because using the target language is the best way to assimilate the language. Do not worry about making mistakes, this is a learning experience which comes about by using the language.

METHOD OF EVALUATION:

Check the course schedule for all due dates. Please note that there is no Final exam scheduled in April for this course.

REQUIRED WORK AND PROCEDURE

Learning a language is a very gratifying experience, which requires time, dedication, discipline, and organization. On average, you should expect to work **at least 5 to 6 hours a week** to complete all preparatory work or assignments in a timely fashion. Also, you are responsible for your learning, and you must monitor your progress by:

- Reviewing and using new vocabulary and grammar structures

- Identifying problem areas and taking immediate action
- Talking to me if you find yourself doing poorly in the course so that the challenging areas can be dealt with together.

Before each class, complete the homework assigned in the course schedule in parenthesis in italics. The homework consists of studying the grammar explanations in your textbook and in study slides, called Learning PPT, found in *myCourses*, completing grammar exercises, and correcting them with the answer key provided in the Learning PPTs, learning vocabulary, preparing hand-outs, and writing short paragraphs. Other work required, but not daily, is:

- 1) completing online exercises on *MindTap* (see corresponding section below)
- 2) writing compositions and journals (see corresponding sections below)
- 3) doing culture related work such as reading a short story, newspaper articles or watching a movie and answering the corresponding questions assigned. Please note that tests always include questions based on this cultural material assigned.
- 4) submitting grammar exercises called “Tareas: Gramática” or reading or movie comprehension exercises called “Tareas: Cultura” (see corresponding section below).

ATTENDANCE, ACTIVE PARTICIPATION AND PROGRESS (10%)

I take attendance in each class. **Attendance** will benefit you in several ways. Primarily, your understanding of the course material is heightened from double exposure to the material (i.e., in the textbook and in class). Second, you are responsible for all information presented in class even on days that you are absent if absences are necessary. Therefore, attendance is highly recommended because it will increase your proficiency and contribute to your participation grade in a positive way. You are allowed to have up to 6 absences without official justification in the entire academic year, which will not affect your participation grade.

Seeing that this is not a lecture class, you need to **actively participate** in each class. This is the best way to engage you in learning the material and makes the class more interesting. **Participation marks will be in effect as soon as you are officially registered in course.**

ACTIVE participation in this class means the following and all these points will account for the participation and progress grade:

- attending class
- arriving to class on time
- completing all preparatory and required work before class
- always having all the necessary material in class (book, handouts, readings, etc...)
- answering questions and volunteering answers on a regular basis
- always using Spanish
- being engaged in **all** in class activities
- volunteering effective comments and questions that advance the level and depth of classroom dialogue in a variety of activities (discussions on assigned readings and films, debates, cooperative work, etc...)
- participating in the “Q&A” period of peers’ oral presentations
- asking questions to clarify doubts or to receive a second explanation on the material studied in class
- showing steady progress in written and oral assignments and exams
- learning from and self-correcting mistakes

Mistakes will not be taken into consideration when assigning this mark, importance will be placed in your constant effort in speaking the language in each class. As well as in-class progress, awareness of mistakes and self-correction are considered. You are advised to keep up with the work day-by-day to make progress.

To enhance the language experience, you are encouraged to attend extra-curricular activities that may take place in the department, such as conversation, reading sessions and/or movie screenings followed by a discussion.

MINDTAP ONLINE EXERCISES (9 x 1%, 4 first semester x 1%, 5 x second semester x 1%)

- a. *MindTap* is a web-based assignment platform. When you buy the book-package to the course you will have access to all features in the *MindTap* platform. Exercises from the *online workbook* are to be done online. The exercises are computer graded and you have three attempts to obtain the right answer and a better score.

- b. The objective of doing these exercises is to help you work and learn on your own and, thus, be responsible for your learning as well they serve as an **important review tool of material** covered in class. If after completing the exercises, there are points that you still find unclear, bring it to my attention and I will further explain.
- c. **No late "MindTap"** are accepted. Due dates are indicated in the course schedule.

HOMEWORK: "Tareas de Gramática o de Cultura" (12 x 1%, 6 per semester)

- a. The main goal of these exercises is to measure your assimilation of the material covered, your progress as well as prepare you for the in-class evaluations.
- b. All "Tareas" will be submitted through *myCourses*, via *Quizzes*, *Assignments* and/or *Discussion Forums*.
- c. **No late "Tareas"** are accepted. Due dates are indicated in the course schedule.

JOURNALS: "Diarios" (4 x 2%, 2 per semester)

- a. You are required to write 4 journals with three entries of approximately 80 words each entry and they will be corrected according to a rubric. Each entry must deal with vocabulary and grammar structures that have just been covered in the course.
- b. Most topics will be assigned by me and posted on *myCourses: Diarios*. See the course schedule for due dates. For further information on what a journal is, refer to *myCourses: Diarios*.
- c. **No late "Journals"** are accepted. Due dates are indicated in the course schedule.

COMPOSITIONS (4 x 4%, 2 per semester)

- a. 4 compositions are assigned with specific topics and corrected according to a rubric. 3 out of 4 compositions of the academic term will be written in class.
- b. **Composition 1**, which will be written in class, is the only one that has two versions because it will serve as an example of the important aspects to consider when writing all compositions. The marking will be done in the following way: 60% for the first version; 40% for the second version. If version 2 is not submitted, the mark on 60% for version 1 will be your final mark on 100%. Please note that if you have received an A in the first version, you do NOT submit a corrected version.
- d. **If work assigned is submitted late, 5%** of the total mark is deducted per day, including weekends, and is NOT accepted after 7 days (weekends included) after the deadline and you will receive a 0. See the course schedule for due dates.
- c. Students are expressly forbidden to have their composition and second version of Composition 1 corrected by native speakers or any other person or use a translating program (see "Academic Integrity" section below). If an instructor believes that a composition is not entirely the work of the student who has submitted it, **the instructor will report the case to the Office of Student Affairs for disciplinary action**.

TESTS (Test 1: 5%; Test 2: 6%; Test 3: 8%; Test 4: 9%; 28%, 2 per semester)

- a. All tests are based on material covered in class (textbook, online workbook/exercises, hand-outs, readings and class discussions). There will be a written part and an oral part evaluated on two different days. See course schedule for dates of each test.
- b. All formal tests are kept by me. You will be shown the test and will be able to check your mistakes. You will also be able to re-check them in my office by appointment.

ORALS (oral 1 x 4% Fall, oral 2 x 10% Winter: 14%)

- a. To assess your communicative skills in Spanish there will be 1 oral evaluation, presentation or interview per semester that will be carried out during class time.
- b. **More information** on orals will be offered later. All due dates are in the course schedule.

MISSING EVALUATIONS (TESTS & ORALS)

There will be NO make-up tests nor orals for missed evaluations unless a doctor's certificate (signed by a doctor) is provided within the next 5 days of the absence. **The note must cover the day and hour of the test. It must bear the doctor's office or hospital logo and a contact number.** If a problem arises, students are expected to contact their professor **before** the exam date by e-mail. Longer weekends out of town and prolonged holidays, for example, will not be accepted as a valid excuse. No travel arrangements by yourself or family

member should be made before knowing evaluations dates. If you do not abide to the above rules for a missed test or an in-class composition, you will receive a 0.

BRIEF HISP 210 WINTER 2023 SEMESTER OVERVIEW

Please note that this is a full-year course and change of section in January is not possible and that this syllabus is subject to change depending on university regulations and on the pace of the class.

This semester learning and improving depends even more on building on what you have assimilated during the first part of the course, both on a formal and a cultural level. However, it will be extremely important that you be even more engaged with your learning to further improve. The Winter term is organized in the same way as the Fall semester, you have access to multiple resources and ways to learn, such as the:

- ‘Learning Powerpoints’ with further grammar explanations and answers to the homework to be consulted before class
- ‘Tareas’ on myCourses: Quizzes so that you can verify immediately whether you have assimilated the material at hand

Remember that the ‘Learning Powerpoints’, and ‘Tareas’ are resources for in depth study and have been designed for you to complete before the class, so that class time can be used for additional practice and to clarify any concerns that may arise in your prior engagement with the materials. Moreover, online

exercises on MINDTAP and extra exercises and documents in myCourses enhance your learning experience and enable you to do some of the learning at your own pace.

Finally, capitalizing on your strengths and working constantly on improving the weaker parts of your learning is crucial to your success in this course. Please consult with me anytime you need extra help or need to discuss your progress and do reread the detailed syllabus that was given to you in the Fall to be reminded of the course objectives, the participation, attendance policy and class management aspects, which are valid for the entire 2022-2023 academic year.
