CURRICULUM RENEWAL

THERE IS ONLY

ONE

MCGILL

AND WE DO LEGAL EDUCATION LIKE NOBODY ELSE.

Proudly bilingual; rigorously bijural: McGill Law sits at the epicentre of two major legal traditions of the western world—the civil law and the common law.

From its earliest days, McGill has been a bridge between these two traditions.

Le programme de McGill est un modèle mondialement reconnu en matière d'enseignement du droit, qui sait s'adapter aux transformations du monde sans frontières d'aujourd'hui.

Et maintenant, nous allons encore plus loin.

Students in a special topics negotiation and mediation course

La formation en droit à McGill explore les traditions juridiques dans une optique comparative et intégrée, unique au monde.

The renewed McGill curriculum that debuts in the fall of 2016 features multiple opportunities for problem-based learning, translation of knowledge into action, and the development of skills that are critical to engaged, effective and enlightened jurists.

DETAILS

An integrated education

- > designed to work across the traditional boundaries of first-year coursework
- > in French and English

Une approche axée sur la résolution de problèmes où

- > les étudiants travaillent en groupe pour aborder des questions d'éthique et de méthodologie juridique, de recherche empirique et d'analyse des politiques
- > un horaire de cours révisé prévoit des périodes d'enseignement intensif d'une semaine durant les sessions d'automne et d'hiver

Innovative pedagogy that flips the script and

- > allows you to take the lead in your own education
- > uses technology in modernized classrooms to enhance participation and critical reflection
