**PRIMARY DUTIES**
The successful applicant will work primarily on the BETTER program ([www.type1better.com](http://www.type1better.com)) and more specifically coordinating the SUPPORT online training project.

- Coordinate the SUPPORT trial (ethic, recruitment, data monitoring,...)
- Coordinate the development of educative materials (videos, blog, external revision, translation)
- Ensure the content of the SUPPORT platform is up to date
- Assist in monitoring the discussion forum on the SUPPORT platform
- Review blogs on type 1 diabetes and help with management of social networks
- Help graduate students with writing manuscripts, review bursary applications, ethics application.
- Offer support for other studies directed by Dr Anne-Sophie Brazeau

**EDUCATION/EXPERIENCE**
Master’s degree in a health-related field (nutrition an asset)
Experience working with individuals with type 1 diabetes

**OTHER QUALIFYING SKILLS & ABILITIES**
- The ideal candidate has experience in research;
- Good communication and organizational skills;
- Clinical knowledge of the type 1 diabetes and its community (support groups, diabetes organization, pharmaceutical companies, etc.)
- Ability to take initiative, set priorities, time-manage, and resolve problems;
- Strong computer skills (Microsoft Office, EndNote, Wordpress, Vimeo, Youtube);
- Knowledge in usage of statistical software (SPSS, SAS or Stata);
- Fluent in English AND French (written and spoken);

**HOW TO APPLY**
Please submit your application to:
anne-sophie.brazeau@mcgill.ca

*McGill University is committed to equity in employment and diversity. It welcomes applications from indigenous peoples, visible minorities, ethnic minorities, persons with disabilities, women, persons of minority sexual orientations and gender identities, and others who may contribute to further diversification.*
