

Kyle Elliott participates in World Economic Forum (WEF) New Champions Annual Meeting

In 2017, the WEF named **Kyle Elliott (NRS), Canada Research Chair in Arctic Ecology** one of the best scientists in the world under the age of 40.

Of his attendance at this year's New Champions Annual Meeting Kyle shares, "I hope that those I speak with will take away the need for global, especially Circumpolar, collaboration to protect the Arctic Ocean and its wildlife. Increased industrialization will lead to environmental challenges in the Arctic, such as increased shipping, the effects of climate change and long-range transport of pollution--but may also provide creative solutions to these challenges." Macdonald Farm Community Engagement Centre

Agents de Conservation du Futur

In this recent episode of La Semaine Verte, **Professor Salwa Karboune** gives viewers a birds-eye view of her work to define the antimicrobial activity of certain natural ingredients and better understand how they interact with each other. "The more we understand this, the more we will be able to modulate the ingredients in such a way that they function appropriately in our food products". [View episode](#) to learn more about this research, meet the research team and see our labs in action.

Art in the Classroom

Misant sur une approche à la fois éducative et ludique, le Centre proposera au public et aux groupes scolaires des visites pédagogiques de la ferme, une exposition interactive, des conférences, des ateliers et des démonstrations. Par exemple, les gens pourront apprendre comment faire du beurre dans le -laboratoire-cuisine. L'expertise des étudiants diplômés sera aussi mise à profit. Ainsi, les étudiants en génie agricole pourront présenter les robots qu'ils ont mis au point. Read more in [La Terre de Chez Nous](#).

Blockchain-Enabled Food Supply Chain Workshop October 10, 2018, McGill

A new one-day workshop will bring stakeholders from academia, industry, and government together to explore the possibilities of blockchain to address major challenges in the food supply chain: preventing fraud, traceability, food security, and regulating food price and supply demand. The workshop is being offered by the **Department of Food Science and Agricultural Chemistry** in collaboration with McGill's School of Continuing Studies. [Info and registration](#)

Mac Staff receive McGill Health and Safety Week Awards

Congratulation are extended to **Guy Rimmer (Plant Science)**, **Serghei Dernovici (Parasitology)** and **Gerry Gregoire (NCS)** named **2018 McGill Safety Ambassadors** at last week's Macdonald Campus Safety Day - and to **Eby Noroozi (Food Science)** who was presented with the **McGill**

This work entitled "Rural Landscape No.2" by artist Gael Eakin is one of several pieces of artwork from the University's Visual Art Collection on display in R3-011 and R4-048. These works come as part of the Art in Classrooms initiative, an ongoing initiative with Teaching and Learning Services.

"Working from a sketch produced in situ, Eakin added watercolours to capture the simple beauty of her father's farm in Georgeville, Quebec." [Learn more about the project.](#)

Jaswinder Singh recipient of 2018 C.D. Nelson Award

Belated congratulations to Professor **Jaswinder Singh (Plant Science)** recipient of the **2018 C.D. Nelson Award** from the Canadian Society of Plant Biologists. The award recognizes Professor Singh's outstanding research contributions in plant biology, which show exceptional promise for the improvement of crop plants through genetic engineering, molecular breeding and genomics.

Need help from IT Services?

Sustainable Labs Award at a Health and Safety Week event held on the University's main campus.

Upcoming events

All Faculty sponsored events are posted on our [website](#).
Please contact our [Webmaster](#) to your events added to the calendar.

20-Sep-18

[Research Ethics and Conduct 2018 : Session 2](#)
10h05-11h30, Centennial Centre Ballroom
This event is open to everyone, but mandatory for new Graduate students (bring your McGill ID)

[Lyman Museum Tour](#)
Science Literacy Week Activity, Macdonald Campus Library
13h30-14h00, Meet in CC Lobby
Pre-registration required

[The Genetic Control of Plant Developmental Phase Transition](#)
Dr. Rajiv Tripathi, Department of Plant Science
4 O'Clock Forum
16h00, R3-048

21-Sep-18

[Macdonald Graduate Teaching Workshop](#)
9h30-16h30, MS2-022
Registration required

Chairs Meeting
12h30, MS2-084

[Faculty Council](#)
14h30, R3-048

25-Sep-18

[Macdonald Career Fair](#)
10h00, 14h00, MS Foyer and Faculty Lounge

26-Sep-18

[Pitch Your Science 101, Lister Family Engaged Science](#)
10h00-12h00
Registration required

[Macdonald Innovation & Entrepreneurship](#)
Creative Collaboration Drop-In
15h00, R1-042

[Working Group on Principles of Commemoration and Renaming](#)
17h00, Faculty Lounge
