- Committee members actively sought to recruit candidates for all electable positions.
- By the March 28 deadline, we received more nominations than vacant positions on Council as stated in the the Constitution. Six nominations were received for the five Council seats to be filled.
- By the March 28 deadline, we received the following nominations: one for the position of President-Elect, and one each for the positions of VP-Internal, VP-Finance and VP-Communications. Two nominations were received for the VP-External position.
