RE: MAUT Statement of Solidarity with the Dr. Kenneth Melville McGill Black Faculty Caucus

MAUT supports the August 1, 2020 Statement of the Dr. Kenneth Melville McGill Black Faculty Caucus as the basis for McGill University's Plan for Addressing Anti-Black Racism, acknowledging the University's distinct responsibility to address this issue, based on the contemporary structural defects of the University, as well as on its founder, James McGill, profiting from goods produced by enslaved Africans working in West Indian plantations, and enslaving people of African and Indigenous descent.
