To drop a study group, workshop, or lecture

Go to the Athena Login - Student Portal:

Enter your Athena User Name & Password in the boxes indicated below.
Once you have logged in you will be on the **Welcome to the Athena Student Portal** page which will display your most current activities.

Click on **My Registration History** in the left hand column, as shown below.

If, after dropping a study group, you are no longer registered for any study groups, please let the office know if you wish to leave the credit in your account to use the following semester, or, ask for a refund by sending an email to **mcll.scs@mcgill.ca**.
On the **My Registration History** page you will see a list of the study groups, workshops and lectures you are enrolled in. To the right of each item description you will see a **Request Drop** button. If you click on this button and confirm your request you will be dropped from the group.
