Vice-Principal, Health Affairs
Dean, Faculty of Medicine

Final Comments

- Retreat highlights...

The learning environment is essential to our success as it:

- Shapes the learning experiences of our learners and teachers
- Fosters the culture of excellence, care and compassion we aspire to instill in our health care professionals
- Defines who we are to our local and global communities and stakeholders

My Commitment ...

is to build on our educational excellence, by:

- fostering the wellness of our learners and faculty members
- appropriately recognizing educational dedication and achievement
- optimizing clinical training experiences

Next Steps

- Retreat outcomes will go to LEAP
- We need your feedback (satisfaction survey)
- Topics for the next retreat

Thank you

Sincerest of thanks to our clinical partners and education leaders:

- Cindy Starnino
- Elene Khalil
- Renée Proulx

And

- Annette Majnemer

Together, they spearheaded this excellent collaboration, showing leadership in how it can be done.

Thank you all!
