Forging Partnerships around the World

McGill's International Visibility

McGill's Approach to International Collaboration

Partnership Opportunities:

1. Clinical Teacher and Teacher-Leader Capacity Building
2. Research Capacity Building
3. Consulting / Advisory / Mentorship / Coaching
4. Undergraduate and Postgraduate Programs
5. Faculty Programs

Forging Partnerships around the World

McGill's International Visibility

- Part of McGill's DNA
 - A long history and a strong culture of international engagement
- Our social responsibility to share expertise and experience
- Our desire to learn from others

Forging Partnerships around the World

McGill's Approach to International Collaboration

A partner of choice for leading universities and healthcare organizations seeking to build their own capacity

- High quality programs driving education, research and healthcare improvements
- In the spirit of mutual benefit

Forging Partnerships Around the World

1. Clinical Teacher and Teacher-Leader Capacity Building

- Faculty Development
- Continuing Professional Development
- Active education and innovative delivery:
 - Distance blended learning
 - Onsite programs at McGill or in partner country
 - Summer Institutes and courses
 - Visiting Scholars Program

Forging Partnerships Around the World

2. Research Capacity Building

- Connecting researchers to foster research collaboration and capacity building
- Graduate Studies: MD/PhD, MSc, PhD, Postdocs
 - Research training (6-12 months)
 - Dual diploma, cotutelle and other joint diplomas
- Onsite/blended learning programs for young researchers

Forging Partnerships Around the World

3. Consulting / Advisory / Mentorship / Coaching

- Undergrad/postgrad (resident) Curriculum Development
- MSc/PhD Programs
- Primary and Specialty Healthcare Services
- Simulation

Forging Partnerships Around the World

4. Undergraduate and Postgraduate Programs

Targeted international opportunities for:

- Visiting Electives* at the undergraduate and fellowship levels
- Residency and Fellowship programs*

** Generally based on institutional agreements*

Forging Partnerships Around the World

5. Faculty Programs

- Summer School for medical students
- Health Management Leadership (Joint Faculty of Medicine and Health Sciences and McGill Executive Institute)
- Health Policy Initiatives
