

McGill

Reference #: C-181016

Assistant / Associate Professor – (Clinical)

Faculty of Medicine – Department of Pathology

Position Description

The Department of Pathology at McGill University is seeking a full-time surgical pathologist. The successful candidate will be recruited at the rank of Assistant or Associate Professor (Clinical) who will be a member of the Contract Academic Staff. The successful candidate will join a team of 14 pathologists at the Jewish General Hospital (JGH) site.

Established in the year 1892, the Department of Pathology at McGill University has been one of the premier academic pathology departments in North America. The McGill University Health Center JGH site has a subspecialized practice system, in which 3 surgical pathologists currently sign out jointly approximately 17,000 specimens of gastrointestinal pathology per year. The department has an anatomical pathology residency program with 25 residents, a Royal College-certified Area of Focused Competence Cytopathology fellowship program, gastrointestinal/liver pathology and hematopathology fellowship programs, and a graduate study program with 30 students. The pathology and clinical departments at McGill University Health Center JGH site have a strong collaborative research environment.

Montreal, the second-most populous city in Canada, is an important center of commerce, aerospace, transport, finance, pharmaceuticals, information technology, design, education, art, culture, tourism, food, fashion, gaming, film and world affairs. Vibrant and multicultural, Montreal was ranked in 2017 as the 12th most livable city in the world by the Economist Intelligence Unit in its annual Global Livability Ranking, and the best city in the world to be a university student in the QS World University Rankings.

Job Duties

The successful candidate will be expected to be actively involved in at least two aspects of McGill's academic mission (ie: teaching, supervision of students, other scholarly duties). The position involves providing high level diagnostic expertise in a busy and dynamic gastrointestinal pathology service. The position also involves applying inclusive pedagogy in teaching a diverse group of students, including pathology residents and undergraduate medical/dental students.

The candidate is expected to conduct both independent and collaborative research in his/her field of interest.

Qualifications and Education

Requirements

- Applicants must have an MD degree and certification in Anatomic Pathology.
- A minimum of 12-months post-doctoral training in surgical pathology.
- Eligibility to practice pathology in Canada.
- Have a well-established academic record of accomplishment as well as a strong commitment to collegiality.
- Demonstrated knowledge and fellowship and/or experience in gastrointestinal surgical pathology.
- Demonstrated communication and writing skills, and a solid record of accomplishment of publications in peer-reviewed journals.

Assets

- Working knowledge of the French language.
- Diagnostic experience in a second subspecialty of Pathology.

McGill University hires on the basis of merit and is strongly committed to equity and diversity within its community. We welcome and encourage applications from racialized persons/visible minorities, women, Indigenous persons, persons with disabilities, ethnic minorities, and persons of minority sexual orientations and gender identities, as well as from all qualified candidates with the skills and knowledge to productively engage with diverse communities.

McGill further recognizes and fairly considers the impact of leaves (e.g., family care or health-related) that may contribute to career interruptions or slowdowns. Candidates are encouraged to signal any leave that affected productivity, may have had an effect on their career path. This information will be considered to ensure the equitable assessment of the candidate's record.

McGill implements an employment equity program and encourages members of designated equity groups to self-identify. It further seeks to ensure the equitable treatment and full inclusion of persons with disabilities by striving for the implementation of universal design principles transversally, across all facets of the University community, and through [accommodation policies and procedures](#). Persons with disabilities who anticipate needing accommodations for any part of the application process may contact, in confidence, Professor Angela Campbell, Associate Provost (Equity and Academic Policies) by [email](#) or phone at 514-398-1660.

All qualified applicants are encouraged to apply; however, in accordance with Canadian immigration requirements, Canadians and permanent residents will be given priority.
