MEDICAL EDUCATION ROUNDS

WHERE HAVE WE FAILED?: A CRITICAL PERSPECTIVE ON HEALTH PROFESSIONS EDUCATION

PROF. ERIK DRIESSEN
Department of Educational Development and Research
Faculty of Health, Medicine and Life Sciences
Maastricht University

May 23, 2019 from 16h00 to 17h30
Meakins Amphitheatre, 5th floor, McIntyre Medical Sciences Building

Key Objectives

- Review the implementation and consequences of modern clinical education.
- Discuss theories and research on workplace-based assessment.
- Discuss possibilities for improving clinical education and assessment.

Erik Driessen is a Professor in Medical Education and Chair of the Department of Educational Development and Research in the Faculty of Health, Medicine and Life Sciences, at Maastricht University. He is also the Editor-in-Chief for the journal Perspectives on Medical Education. Dr. Driessen’s current research and development interests include learning and assessment in the workplace as well as education across different cultures. He has published over 100 peer-reviewed manuscripts and book chapters. In 2016, he was appointed an Honorary Fellow of the Academy of Medical Educators in the United Kingdom. In 2017, he was appointed Adjunct Professor of Medicine at the Uniformed Services University of the Health Sciences in Bethesda, Maryland.
