***"From academia to entrepreneurship  
with some ramblings along the way"***

**André Diamant, PhD**

CEO, Gray Oncology Solutions  
Montreal, Quebec

**Abstract:**

Following my degree, I made the relatively unconventional decision of jumping into the world of startups. I will present the journey since then, including some learnings (or ramblings) along the way. Ultimately, I intend to make it clear that there are many options feasible for a medical physics graduate outside of the more traditional academic or clinical routes.
