## Christmas party

The annual MPU Christmas party will be held at Karina's, the third floor of the Sir Winston Churchill Pub Complex (1455-1459 Crescent St.), at 7pm on Friday, December 9. The evening includes a 4 course meal, two drink tickets, and DJ entertainment starting at 10 pm. If you have not already done so, please RSVP via the doodle by **midnight tonight** at <http://doodle.com/poll/gubimnckmwrpx2ts>, and bring your money to André, Ali or Susannah by **Tuesday, December 6**.

---

## Soccer team

We are looking into starting an indoor intramural soccer team for the winter 2017 season. Games take place in the Tomlinson Fieldhouse at McGill on weekday evenings or weekends, and cost will be between \$15 - \$30 per person for at least six games. Please let Ackeem (the captain!) know if you are interested by December 20. All students and staff are welcome!

## Website updates

Updates to the student pages of the MPU website are still ongoing. If you have not already done so, please fill out the Google doc forms to keep your personal page up to date! Student information can be updated at [goo.gl/d1WuB2](http://goo.gl/d1WuB2) and a modification request can be made at [goo.gl/yG4Yjo](http://goo.gl/yG4Yjo). Also, please let us know of any new publications (using the same forms) so we can highlight your work via the champion bar!

## Student workshops

We are looking for volunteers to run student workshops (such as the Git workshop Marc did last week). The idea is to present educational topics that are of wide interest to the department (ex. programming, computer/experimental techniques, soft skills, etc). Please let Susannah know if you are interested and have a topic in mind.

## GitLab

We now have a McGill Medical Physics code repository. Everyone is encouraged to sign up for an account at [www.gitlab.com](http://www.gitlab.com) and send their username to Marc ([marc-andre.renaud@mail.mcgill.ca](mailto:marc-andre.renaud@mail.mcgill.ca)) to be added to the group.
