**Antimicrobial Resistance and Microbiome Symposium**

Held virtually during Infection and Immunity Week (Nov. 29-Dec. 3, 2021)

Co-organized by the **McGill Antimicrobial Resistance Research Centre** and the **McGill Centre for Microbiome Research**.

Thursday December 2$^{nd}$, 9AM-12PM

| | |
|---|---|
| 9:00 | Opening remarks by the McGill Interdisciplinary Initiative in Infection and Immunity (3 min) |
| 9:05 | The future of Antimicrobial Resistance and Microbiome research at McGill (25 min) |
| 9:35 | Plenary lecture (20 min presentation, 10 min Q&A): |

Dr. **Eric. Pamer**, M.D., Director, Duchossois Family Institute, Donald F. Steiner Professor, Departments of Medicine, Microbiology, and Pathology, The University of Chicago.

| | |
|---|---|
| 10:05 | 2 Student "3-min thesis" presentations (6 min) |
| 10:15 | Antimicrobial Resistance video competition runner-up (5 min) |
| 10:20 | Plenary lecture (20 min presentation, 10 min Q&A): |

Dr. **Ilana L. Brito**, Mong Family Sesquicentenial Faculty Scholar, Assistant Professor, Meinig School of Biomedical Engineering, College of Engineering, Cornell University.

| | |
|---|---|
| 10:50 | *Break* (10 min) |
| 11:00 | Antimicrobial Resistance video competition winner (5 min) |
| 11:05 | 2 Student "3-min thesis" presentations (6 min) |
| 11:10 | Panel on the future of Antimicrobial Resistance and Microbiome research (50 min) |

Confirmed panelists:

Dr. **Emma Allen-Vercoe**, Professor, Canada Research Chair, Department of Molecular and Cellular Biology, University of Guelph, co-founder of NuBiyota.

Dr. **Ed Topp**, Principal Research Scientist, Agriculture and Agri-Food Canada, Adjunct Professor, Department of Biology, University of Western Ontario.

Dr. **B. Jesse Shapiro**, Associate professor, Department of Microbiology & Immunology, McGill University.

Dr. **Irah King**, Associate professor, Department of Microbiology & Immunology, McGill University, Director, McGill Centre for Microbiome Research.
