

MRCCT Symposium 2021

“New Frontiers in Infectious and Inflammatory Diseases”

Organizing committee: Martin Olivier (Chair), Danielle Malo (Co-Chair),
Corinne Maurice and Salman Qureshi

8:45 **Opening remarks**

Chair: Selected Trainees

9:00am – 10:30 am **Session 1: Host Microbe Interaction in Health and Diseases**

9:00am – 9:30 am **Dr Gretchen Diehl, Sloan Kettering Institute, USA**

Title:

“Microbiota regulation of intestinal immunity”

9:30am – 10:00am **Dr Corinne Maurice**

Title:

"Manipulating gut bacterial communities with bacteriophages"

10:00am-10:10am **Questions for Speakers**

10:10am-10:20am **Students' presentation** (3 student talks/5 minutes of questions = 15 min)

10:20am-10:25am **Questions for students**

10:30am-10:45am **Break** (15 min)

Chair: Selected Trainees

10:45am-12:15pm **Session 2: Cellular dynamics of immune (dys)Function**

10:45am–11:15am **Dr Judith Mandl**

Title:

“Peering through a cell migration lens at type-2 helper responses”

11:15am– 11:45am **Dr Ciriacco Piccirillo**

Title:

“Mechanisms of Foxp3+ regulatory T cell (dys)function in health and disease”

11:45am-11:55am **Questions for Speakers**

11:55am-12:05pm **Students' presentation** (Idem)

12:05am-12:10am **Questions for students**

12:15m-12:45pm **Break** (30 min)

Chair: Selected Trainees

12:45 pm – 14:15 pm	<u>Session 3: Computational and Genomics Medicine</u>
12 :45pm-12:55pm	Students’ presentation (Idem)
12:55pm-13:00pm	Questions for students
13 :00pm-13:30pm	Dr David Langlais <u>Title:</u> “Epigenetic rewiring during monocyte and macrophage activation”
13 30pm-14:00pm	Dr Jean-Laurent Casanova, The Rockefeller University, USA <u>Title:</u> “Genetic and Immunological Causes of Life-Threatening COVID-19”
14:00pm-14:10pm	Questions for Speakers
14:15pm-14:20pm	Closing remarks and Student awards
14:20pm-	Wine and Cheese!!!! (Virtual)
