SOAR TO NEW HEIGHTS
WITH A MINOR IN AEROSPACE ENGINEERING
Our program is:

**Flexible** Five specialized streams in the minor gives students choice of diverse range of careers.

**Strong** 24 credit program covers fundamental aircraft and spacecraft design. Capstone project in final year.

**Renowned** McGill consistently ranked one of the top engineering schools in the country with outstanding research in the field of aerospace.

**Connected** Located in Montreal, the 3rd largest aerospace center in the world, with collaborations with local aerospace employers.

**Streams**

- Aerodynamics and Propulsion
- Structural Analysis
- Materials and Processes
- Spacecraft Engineering
- Systems and Avionics

---

**Student Profile & Credits**

The Minor in Aerospace Engineering is open to all students in Engineering

- **24 Credits Program**
  - Core Courses - 6 Credits
  - Electives - 12 Credits
  - Capstone project - 6 Credits

---
