## Volunteers Needed

We are looking for help with the following tasks:

### Maple sap collecting

You are relatively available during the following few weeks to work in the outdoors? Write to Scott Pemberton [scott.pemberton@mail.mcgill.ca](mailto:scott.pemberton@mail.mcgill.ca) to offer your services or request additional details.

### English revision and / or translation

To help correct texts from our collaborators for our communications and other media.

### Flyer distribution

You often go to the library or town hall or any other information outlet? We are looking for help in making sure our new promotional flyer gets around.

### Bird feeder cleaning

To control the spread of conjunctivitis in house finches, we need to wash our feeders with a bleach solution every two weeks. We will be starting this new procedure in mid-March and continue through the summer.
