

Arboretum **Morgan**

With shorter days and dropping temperatures, fall is definitely in the air.

Witness perpetual change as the colour display progresses
and enjoy the bittersweet ending of the past summer
as the forest transits from growth to dormancy.

See you on the trails this weekend!

Northern Saw-whet Owl Migration

**English and French sessions
are offered on evenings
until Friday, Oct. 19, 2018**

Don't miss your chance to encounter the little
saw-whet owl as it migrates through our area.
