Winterfest Recap

Another exciting and fun Winterfest has gone by. The conditions were excellent down our powdery slope and on the snowshoe and ski trails. A delightful dusting of snowflakes fell as visitors enjoyed dogsledding, warmed up with hot chocolate and savoured grilled sausages and delicious rolled maple taffy!

Michel Daoust surprised us once again with a unique and complex sculpture of a surfer in a wave.

THANK YOU

to all of the volunteers
who helped make this event possible!
We could not have done it without you!
Thanks also to photographer **Frans Lecluse**
for once again capturing the magic of Winterfest
and sharing his photos with us!

Dog Owner Alert

With the recent snow thaw, we are finding far too many piles of poop in the heavily used areas of the Arboretum: by the dog parking lot, along the path that crosses the field towards Centre Road (orange trail) and at the beginning of the yellow trail. We are asking you once more to respect the conditions that come with dog privileges. Honour your commitment: watch your dog to know what it is up to (this is key!), pick up all poop piles and dispose of the waste in a proper container.
