

**Postdoctoral Fellowship in Medical Education Research
Centre for Medical Education
Faculty of Medicine, McGill University**

The Centre for Medical Education at McGill University invites applications for a Postdoctoral Fellowship in Medical Education Research. This competition is open to permanent residents of Canada, Canadian citizens, and international scholars. This is a one-year funded position, with the possibility of renewal, to begin in **January 2019**.

The Centre for Medical Education at McGill

The Centre for Medical Education at McGill University promotes excellence and scholarship across the continuum of health sciences education. Its 14 Core Faculty, 3 Research Scientists and 41 Centre Members aim to: advance the field of health sciences education through scholarship; stimulate interest in educational research and development; serve as a resource for curriculum development and innovation; and ensure that research informs educational practice.

The Postdoctoral Fellowship

Educational Opportunities:

The goal of this Postdoctoral Fellowship is to foster interest and expertise in medical education research that is aligned with the Cruess Chair in Medical Education at McGill. Accordingly, areas of scholarship include the following: Faculty Development, Professional Identity Formation, Teaching and Learning in the Clinical Environment, the Culture and Organization of Medical Education, and Educational Leadership.

The Postdoctoral Fellow will work on site at the Centre for Medical Education and will also have an opportunity to participate in ongoing research at the Centre, exploring new areas of inquiry and shaping future research interests. He or she will participate in educational events at the Centre and will be encouraged to disseminate research findings as appropriate.

Educational Background and Experience:

Suitable candidates must hold a PhD in a social science or humanities discipline (e.g., medical anthropology, psychology, education) with demonstrated experience in qualitative research methodologies, an excellent knowledge of the theories and approaches that underlie these methods, and an ability to translate ideas into research questions. Previous success with grant applications, publications and scientific presentations is strongly recommended, as is the ability to work collaboratively in an interdisciplinary team environment.

Duration: A one year full-time appointment, with the possibility of renewal

Start date: January 2019

Stipend: \$42,000 (plus benefits) as well as a travel stipend to a national or international meeting in medical education.

Application Process

Letters of application should be accompanied by a curriculum vitae and three letters of reference and sent to Ms. Audrey Lew at the Centre for Medical Education via e-mail at: Audrey.Lew@mcgill.ca by **October 19, 2018**.

We thank all applicants for their interest; however, only applicants selected for an interview will be contacted.

McGill University is committed to equity in employment and diversity. It welcomes applications from Aboriginal persons, persons with disabilities, ethnic minorities, persons of minority sexual orientation or gender identity, visible minorities, women, and others who may contribute to diversification. All qualified applicants are encouraged to apply; however, Canadians and permanent residents will be given priority.
