

EXCELLENCE IN GENETICS & IMMUNOLOGY SEMINAR SERIES

Wednesday, August 19, 2015

Karp Amphitheatre | Room 501, 1:00 PM

Goodman Cancer Research Centre

Pawan Malhotra, PhD

Senior Scientist and Head Malaria Group,
ICGEB, , New Delhi

(International Centre for Genetic Engineering and Biotechnology)

Talk:

“Plasmodium Novel Extracellular Secretory Antigens and their Roles in Albumin Uptake, Thermal Tolerance and Immune Evasion”

Asif Mohmmmed, PhD

Staff Research Scientist, Malaria Group,
ICGEB, New Delhi

(International Centre for Genetic Engineering and Biotechnology)

Talk:

“Understanding Biology of Cell Organelles in Malaria Parasite and Development of New Anti-malarials”

This seminar is not mandatory for Graduate students

LOCATION: Goodman Cancer Research Centre, Room 501, 1:00 PM

HOSTED BY: DRS SILVIA VIDAL & NEDA MORADIN
