

TRAINING RECORD FOR MNI PERSONNEL (March, 2025)

NAME: _____ McGill I.D. no. _____ POSITION: _____

STARTING DATE: _____ SUPERVISOR: _____

Administrative Assistants: The administrative assistant of the Unit will provide this form (electronically) to each individual when processing the initial appointment form and instruct the employee/trainee to fill out the form in consultation with his/her immediate supervisor.

Supervisors: are responsible for identifying the training requirements for each individual under their jurisdiction, ensuring that this training is carried out expeditiously, and signing that training has been completed. Please check the box beside the training modules that apply to this individual and ensure that he/she understands how to obtain this training. When the training has been completed, the individual will request that you sign the form. A copy will be retained in the individual's personnel file (subject to inspection by the MNI Safety Committee). The individual will retain a copy (electronic or hard copy) for his/her records.

Employees and trainees: After identifying required training with your supervisor consult the web pages in the boxes on the left, read the introductory information and register for the training modules. Complete other boxes as training modules have been completed and have the form signed by your supervisor. Return the completed form to the administrative assistant in your unit to place in your file. You are responsible for repeating training at the indicated intervals.

Refer to the [MNI Lab Safety Manual](#) on the [Neuro Lab Safety Webpage](#) for details of each laboratory training requirement.
