

# Making Open Neuroscience Infrastructures Interoperable 3.0

March 18, 2020

The Neuro, 3801 Rue University, Montreal, QC  
de Grandpre Communications Center

- 13:30 Arrival and registration
- 14:00 **Welcome – Opening Remarks**  
Jean-Baptiste Poline, PhD  
Program Chair  
The Neuro, McGill University, Montreal, Canada
- 14:15 **Designing neuroinformatics infrastructures for optimal neuroimaging research**  
Erin Dickie, CAMH, Department of Psychiatry, University of Toronto, Canada
- 15:00 **Connecting major open data projects with computational resources using Brainlife.io**  
Franco Pestilli, Department of Psychology, University of Indiana, USA
- 15:45 Refreshment pause
- 16:00 **The Repronim NIH centre solutions to reproducibility challenges in life science studies: from data acquisition to study publication**  
David Kennedy, University of Massachusetts Medical School, USA
- 16:45 **NeuroHub and the Canadian Open Neuroscience Platform: Act locally, think globally**  
Jean-Baptiste Poline, McGill University  
Neuro-Data-Science Laboratory, The Neuro, Canada
- 17:15 **Q & A – Discussion**
- 17:45 **Closing Remarks** (Jean-Baptiste Poline)
- 17:50 **Cocktail Reception** (Helen Penfield Atrium)
