Friday, October 25

8:30  Registration

8:50  Welcome & Opening Remarks
Nicolas Dupré, MD, MSc, FRCPC
CHU de Québec, Université Laval

9:00  Muscular Dystrophies
Myotonic Dystrophies, FSHD, OPMD and Most Common LGMD

9:50  Common Pediatric Neuromuscular Disorders: Part I
Dystrophinopathies, Congenital Myopathies
Nicolas Chrestian, MD, FRCPC
Université de Laval

10:40  Refreshment Pause

11:00  Common Pediatric Neuromuscular Disorders: Part II
Spinal Muscular Atrophy, Inherited Polyneuropathies

11:50  Lunch & Meet Our Sponsors

12:50  Words from our Platinum Sponsors
Alexion & Biogen

13:00  Acquired Myopathies
Inflammatory Myopathies and Toxic Myopathies
Océane Landon-Cardinal, MD, FRCPC
Université de Montréal
Friday, October 25

13:50 Polyneuropathies, Ganglionopathies and Multiple Mononeuropathies
General Approach to Polyneuropathies, Ganglionopathies and Multiple Mononeuropathies
Rami Massie, MD, FRCPC
The Neuro, McGill University

14:40 Refreshment Pause

15:00 Myasthenia Gravis
Diagnosis and Treatment of Myasthenia Gravis
Rami Massie, MD, FRCPC
The Neuro, McGill University

15:50 Neuromuscular Junction Disorders Other Than Myasthenia Gravis
Lambert-Eaton, Botulism and Other Toxins, Congenital Myasthenia
Karine Garneau, MD, FRCPC
Université de Montréal

16:40 Guest Lecture: Imaging in Neuromuscular Disorders
Reza Seyedsadjadi, MD
Harvard Medical School

17:40 Closing Remarks
Nicolas Dupré, MD, MSc, FRCPC
CHU de Québec, Université Laval

17:45 Cocktail & Networking
Saturday, October 26

8:30  Breakfast

8:55  Opening Remarks
   Karine Garneau, MD, FRCPC
   Université de Montréal

9:00  Metabolic Myopathies and Channelopathies
   Pompe, McArdle, CPT2, Non-Dystrophic Myotonic Disorders and Periodic Paralysis
   Oliver Blanchard, MDCM, FRCPC
   The Neuro, McGill University

9:50  ALS
   Presentation, Diagnosis and Treatment of ALS + Differential Diagnosis
   Name
   Affiliation

10:40  Refreshment Pause

11:00  AIDP, CIDP and Their Variants
   Name
   Affiliation

11:50  Lunch

13:00  Workshops (45 minutes each)
   I) Genetic Cases (Jeanne Timmins Amphitheatre)
   II) Muscle or Nerve Cases (de Grandpre Communications Centre)
   III) EMG Cases (Jeanne Timmins Foyer)

15:15  Closing Remarks
   Karine Garneau, MD, FRCPC
   Université de Montréal
