Hours Paid: 123 hours

Hourly rate: Commensurate with experience

Date posted (DD/MM/YYYY): 06/06/2019

Applications for this course will be accepted until (DD/MM/YYYY): 21/06/2019

Course Description:

This is a preceptor-based course in community health settings where students apply the guiding principles and values of primary health care through the application of the community health nursing process using capacity building and strength based approach in partnership with individuals, families and groups within the health care system. The clinical instructors, with support from the course coordinator, provide support to the student/preceptor dyads to ensure that the course objectives are met. Clinical instructors are assigned a group of students (maximum 25).

Role Expectations:

- Support preceptors and students in the clinical setting through visits to clinical settings as well as by email, myCourses, or telephone as needed.
- Support clinical preceptors in relation to teaching/learning principles, enhancing clarification of course objectives, student evaluation, and relevant university policies/procedures.
- Facilitate the development of community nursing competencies in students
- Answer student and preceptor questions in a timely manner
- Support preceptors in completing clinical evaluations and review/discuss with course coordinator as needed
- Promote a healthy learning environment
- Attend ½ day meeting with course coordinator and meet & greet with students in week of September 9th - specific date to be determined
- Attend team meetings throughout the semester, usually online, except last meeting which is at ISO N

Qualifications/ Requirements:

- Baccalaureate degree in Nursing; Master's degree an asset
- Previous teaching (including preceptorship) experience an asset

- Experience in community health nursing an asset
- A willingness and ability to facilitate student learning and to travel to clinical settings.
- Active OIIQ License
- Valid CPR certification
- Up to date immunization status
- Valid Mask-fitting card (preferable)
- Hand-Hygiene training module
