Course: HSEL 308 Women’s Reproductive Health

Course supervisor: Cheryl Armistead

Term: Fall 2019

Total hours: 60 (includes 5 hours to meet with course supervisor)

Start/end dates: October 1, 2019 to December 20, 2019.

Rate/hour: $18 (plus 4% vacation pay)

Duties: Contribute to all graded learning activities in the course. Given course must be substantially revised, learning activities have not yet been determined. Based on past iterations it may include: Student Assignment, Student Contribution and Engagement and Take-Home Exam. Enter grades into MyCourses Assignment Folder and gradebook. There will be no contact with the students enrolled in the course. Involves meeting with course supervisor before, during and after grading (in-person and/or online, telephone consultation); availability to review select Exams after grades are posted to students if necessary. Enrolment of students: 107

Requirements: Knowledge of environmental, policy, societal and healthcare influences on women’s health. Capacity to grade short-word assignments. Prior experience/ability to grade using holistic rubrics. Prior experience/ability in HSEL 308 or HSEL 309 an asset. Strong familiarity/capacity with use of MyCourses – including Assignment folders and grade-book.
